If the Operator commits a breach of this provision the University will be entitled, without notice or order of court, to remove the offending item(s). If the University consents, the work will be done strictly in accordance with the University's specifications.
- 14.2. The Operator will not remove or dismantle any permanent fittings in the Premises without the University's prior consent. All such fittings will remain the property of the University at all times.
- 14.3. If the Operator does alter, add to, or improve the Premises in any way, whether or not in breach of clause 14.1 or 14.2, the Operator will at its own cost and expense, if so required in writing by the University, restore the Premises on the termination of this Agreement to their condition as it was prior to such alteration, addition or improvement having been made. The University's requirement in this regard may be communicated to the Operator at any time, but not later than the 7th (seventh) day after the Operator has delivered up the Premises pursuant to the termination of this Agreement, and this clause 14.3 will not be construed as excluding any other or further remedy which the University may have in consequence of a breach by the Operator of this clause 14.
- 14.4. Save for any improvement which is removed from the Premises as required by the University in terms of clause 14.3, all improvements made to the Premises belong to the University and may not be removed from the Premises at any time.

 - 15.2.1. be construed as an assumption by the University of any of the Operator's duties, or
 - 15.2.2. limit any other right or remedy available to the University.

16. LIMITATION OF LIABILITY

- 16.1. The Parties record that the University has insured itself against its liability in law for the acts and omissions of persons acting on its behalf, and its registered students and Personnel are insured during the course and scope of their registered courses and within the scope of the University's business, where fault can be attributed to the University, its affiliates or their respective Personnel. The University's maximum liability in connection with this Agreement will be limited, whether for a single or multiple events, to the extent of its insurance cover herein.
- 16.2. While this Agreement is in force, the University may at any time take electric wires, air conditioning equipment, water pipes, telephone cables or any other equipment, conduit or wiring through the Premises, should it be necessary for the supply of electricity, air conditioning, water or any other services to any other part of the Building. The University will, however, endeavour to ensure that as little inconvenience as possible is caused to the Operator. The Operator will not reduce the rental or withhold or defer payment of rental or any other amount or terminate the Agreement as a result of any such inconvenience or interference with its business activities.
- 16.3. Without in any way limiting any of the University's rights, the Operator has no claim for damages against the University and may not withhold or delay any payment due to the University or cancel this Agreement by reason directly or indirectly of:

 - 16.3.5. any interruption of, or interference with, the enjoyment or beneficial occupation of the Premises caused by any building operations or other works to or in the Premises or elsewhere on or about the University Precincts, whether by the University or by anybody else, or
 - 16.3.6. any other event or circumstance whatever occurring, or failing to occur, upon, in, or about the Premises, whether or not the University could otherwise have been held liable for such occurrence or failure,

and the Operator indemnifies the University against all liability for physical injury or loss of or damage to property suffered by the Operator and/or any of its

Personnel, customers, guests and other invitees and all other persons who may enter upon the Premises or any parts thereof through or under the Operator, in consequence of any such matter as is referred to in clauses 16.3.1 to 16.3.6 above.

- 16.4. The University is responsible for the maintenance of, and for all repairs and replacements becoming necessary from time to time in or to, the Premises, and all parts thereof other than those which are the responsibility for the time being of the Operator or local authority, and the University's obligations in this respect include the maintenance and repair of the structure of the Premises, all systems, works and installations contained therein, the roofs, the exterior walls, the lifts (if applicable), the grounds and gardens.
- 16.5. The University is not, however, in breach of clause 16.4 in so far as any of its obligations thereunder are not or cannot be fulfilled by reason of any *vis maior* or the acts or omissions of others over whom the University has no direct authority or control, and where the University is indeed in breach of clause 16.4, the Operator's only remedy against the University is a right of action for specific performance.
- 16.6. Should the Operator fail to carry out any of its obligations under this Agreement with regard to any maintenance, repair or replacement, the University may, without prejudice to any of its other rights or remedies, to effect the required item of maintenance, repair or replacement and to recover the cost thereof from the Operator on demand.
- 16.7. The University does not warrant that the Premises are suitable for the purposes of the Operator or that the Operator or any of its associates will be granted any license or consent which may be necessary for the carrying on of any business or activity in the Premises.

17. ACCESS TO UNIVERSITY PRECINCTS

- 17.1. Subject to clause 22, any Personnel of the Operator may only come onto the University Precincts for the purposes of fulfilling the Operator's obligations under this Agreement, and for no other purpose, without the prior consent of the University's Director: Protection Services or Director: Legal Services.

- 17.4. The Operator will be diligent and exercise due care in fulfilling all its obligations under the Agreement including its obligations in respect to safety, the environment and the maintenance of any equipment and other property belonging to the University or persons on the University Precincts.
- 17.5. The University may require the Operator to effect the immediate removal from the University Precincts of any Personnel, invitee or guest of the Operator if the University on reasonable grounds deems it in the best interests of the University that such person is removed. The Operator will ensure that that person does not return to the University Precincts without the University first having given the Operator its consent for that person to return. Such consent will not be unreasonably withheld. Removal by the Operator of such person/s will not be a ground for any relaxation of the Operator's obligations hereunder.
- 17.6. The Operator will not remove any goods of whatever nature from the University Precincts without the written permission of the Director: Services or his or her nominee, Director: Protection Services or his or her nominee or the Chief Financial Officer or his or her nominee or the Director: Legal Services or his or her nominee.
- 17.7. In so far as the Operator's Personnel need to meet with a recognized union in terms of a collective agreement between the Operator and such union, specific arrangements must be made with the relevant University structures prior to any such meeting that properly address:
 - 17.7.1. the University's operational requirements,
 - 17.7.2. the fulfilment of the University's other contractual obligations, and
 - 17.7.3. any other conditions regarding union meeting time and place that are reasonable and necessary to safeguard life or property, and to prevent the undue disruption of work.
- 17.8. All other gatherings will be subject to the University's regulations.

18. GENERAL ACCESS

- 18.1. The University's Personnel may at all reasonable times, without thereby giving rise to any claim or right of action on the part of the Operator or any other occupier of the Premises:
 - 18.1.1. enter the Premises in order to inspect them to ensure compliance with the relevant legislation, including but not limited to the Occupational Health and Safety Act and the Regulations governing food safety compliance, and codes of practice.
 - 18.1.2. enter the Premises in order to inspect them, to carry out any necessary repairs, replacements or other works, or to perform any other lawful function in the bona fide interests of the University or any of the occupiers of the Premises, or
 - 18.1.3. carry out elsewhere in the Premises any necessary repairs, replacements or other works.

- 18.2. The University will ensure that this right is exercised with due regard for, and a minimum of interference with, the beneficial enjoyment of the Premises by those in occupation thereof.
- 18.3 Within 10 (ten) days receipt of written notice of the University calling upon the Operator to do so, the Operator must provide the University with access to its books of account to allow the University to assess the economic viability of the Business. In its assessment the University will measure the annual rent to revenue ratio of the Business amongst others things.

19. UNIVERSITY'S RIGHT TO ADD TO BUILDINGS

- 19.1. The University will be entitled at all times during the operation of this Agreement to complete or add to the buildings on the Premises (including the Building) and to effect any repairs, alterations, improvements and additions (including new buildings whether or not linked) to the said buildings and for such purpose to erect scaffolding, hoardings and building equipment in, at, near or in front of the Premises and also such devices as may be required by law or which the architects may certify to be reasonably necessary for the protection of any person against injury arising out of the building operations, in such manner as may be reasonably necessary for the purposes of any of the works aforesaid.
- 19.2. The University will further be entitled, by itself or through workmen, to all such rights of access to any portion of the Premises as may be reasonably necessary for the purposes aforesaid. The University will further be entitled to lead pipes and any other services through the Premises should it be necessary to link such pipes or other services with any other premises, provided that in doing so the University does not unreasonably interfere with the Operator's beneficial occupation of the Premises.
- 19.3. In exercising its above rights the University will use its best endeavours to cause as little interference as possible with the Operator's beneficial occupation of the Premises. The Operator will not be entitled to any remission of rent, compensation or damages by reason of the exercise by the University of its rights under this clause.

20. RIGHT OF INSPECTION AND EXHIBITION OF NOTICES

- 20.1. The Operator will:
 - 20.1.1. at all reasonable times permit prospective tenants/operators of the Premises or any portion thereof to view the interior of the Premises, and
 - 20.1.2. during the period of 6 (six) months immediately preceding the termination or expiry of the Agreement, permit the University or any incoming tenant to exhibit on the windows of the Premises "To let" notices and/or any notice that may be required in connection with any application for any license to carry on business in the Premises.

21. AREA OF THE PREMISES

If it is necessary in terms of this Agreement to determine the area, in square metres, of the Premises or Building, such determination will be made according to the South African Property Owners' Association (SAPOA) standard method for measuring floor areas. Any dispute between the University and the Operator as to any such area will be determined by an independent architect, acting as expert and not arbitrator, whose certificate as to such area will be final and binding on the parties. If the parties fail to agree on the identity of such architect, he will be appointed by the Executive Director for the time being of the South African Institute of Architects.

22. REGULATIONS

22.1. The Operator will ensure that it and any of its Personnel comply at all times with the Regulations including rules and regulations in connection with the :

22.1.1. security of the Premises and the protection of persons and property thereon, including in particular any rules for the control and identification of persons and vehicles entering the Premises or any parts thereof. It is specifically noted that no firearms or other dangerous weapons may be brought on to the precincts of the University or any other property under its control without the prior written permission of the Vice-Chancellor of the University (or his nominee),

22.1.2. securing of cash points in consultation with the Director: Protection Services,

22.1.3. driving and parking of vehicles on or about the Premises,

22.1.4. utilization of common amenities and facilities on the Premises,

22.1.5. prohibition or restriction of specific activities and practices which are actually or potentially detrimental to the general interests of the University, and

22.1.6. loading and off-loading of merchandise and other articles on and about the Premises.

22.2. This clause 22 will not be construed as implying that the University assumes any liability which it would not otherwise have had in connection with the subject matter of any Regulation or instruction referred to herein.

22.3. In compliance with University Regulations, the Operator's Personnel will purchase, and keep on their persons at all times, a security access card, which will give them access through the gates, and validate their right to be on the University Precincts.

23. ADMITTANCE TO THE PREMISES

For security purposes the University may lock the entrances to the Premises at a set time after business hours and will make available only selected entrances which, in the University's opinion, are necessary to admit or to let out the Operator or its Personnel. The University may from time to time stipulate the ways by which entry to the Premises may be gained after business hours.

24. PARKING AND LOADING

- 24.1. The Operator and its Personnel may use parking bays on the Premises which are available and for general use, provided that they adhere to the Regulations governing such.
- 24.2. As may alternatively be arranged with the University, the Operator and its Personnel will park their cars only in parking bays designated for their use.
- 24.3. The Operator will furnish the University with its and its Personnel's vehicle registration numbers within 5 (five) days and thereafter notify the University of any changes thereof within 5 (five) days after such changes occur. If the Operator or its Personnel park their vehicles on the University Precincts other than in the designated area, the University may charge the Operator per day or part thereof for each vehicle parked other than in the designated parking area as and for liquidated damages and the Operator hereby authorises the University to tow away, at the Operator's expense, all such vehicles belonging to the Operator or its Personnel and/or to attach violation stickers or notices to such vehicles. The Operator acknowledges and accepts that parking is on a hunting basis.
- 24.4. All the terms of this Agreement relating to the Premises apply *mutatis mutandis* to the parking bays referred to in clauses 24.1 and 24.2 except those which are obviously inapplicable.
- 24.5. Without derogation from any Regulations in force for the time being as envisaged in the Agreement, the Operator will ensure that:
 - 24.5.1. the loading and off-loading of merchandise and other articles in connection with the Business are carried out only:
 - 24.5.1.1. in the loading bays and areas provided for the purpose, and
 - 24.5.1.2. with due regard and consideration for the interests of other occupiers of the Premises and the general public.
- 24.6. The Operator will purchase parking permits from the University and comply with all the Regulations relating to parking on the University Precincts.

25. DAMAGE TO OR DESTRUCTION OF PREMISES

- 25.1. If the Premises are destroyed or so damaged that they can no longer be beneficially occupied, this Agreement terminates at the same time unless the Parties agree otherwise in writing.
- 25.2. If the Premises are significantly damaged but can still be beneficially occupied, this Agreement remains in force and the University will repair the damage without undue delay but the rent will be abated so as to compensate the Operator fairly for the effects of the damage and repair work on the enjoyment of the Premises.
- 25.3. Failing agreement on such abatement or on the applicability of this clause 26 to any particular circumstances, the matter will be referred to an expert appointed by the parties jointly or, if they do not agree on such appointment, nominated by the President for the time being of The Institute of Estate Agents of South Africa, and the decision of such expert will be final and binding. The expert's fees and disbursements, including any inspection costs, will be borne and paid by the parties in equal shares. Pending determination of the abatement the Operator will continue to pay the full rent for the Premises as if they had not been damaged, and as soon as the matter has been resolved the University will make the appropriate repayment to the Operator.

26. BREACH AND TERMINATION

- 26.1. Should the Operator default in any payment due under this Agreement and fail to remedy such default within 7 (seven) days after receiving a written demand that it be remedied, the University will be entitled, without prejudice to any alternative or additional right of action or remedy available to the University under the circumstances, to cancel this Agreement without further notice and with immediate effect, be repossessed of the Premises, and recover from the Operator damages for the default or breach and the cancellation of this Agreement.
- 26.2. In the event of the University having cancelled this Agreement justifiably but the Operator remaining in occupation of the Premises, with or without disputing the cancellation, and continuing to tender payments of rent and any other amounts which would have been payable to the University but for the cancellation, the University may accept such payments without prejudice to and without affecting the cancellation, in all respects as if they had been payments on account of the damages suffered by the University by reason of the unlawful holding-over on the part of the Operator.
- 26.3. If the Operator consistently defaults in the performance of its obligations under this Agreement, the University will be entitled to cancel this Agreement without prejudice to any other rights that the University may have in law. For the purposes of this clause 26.3, "consistent default" means the failure of the Operator to comply with its obligations hereunder on 3 (three) occasions within a period of 60 (sixty) consecutive Business Days.

- 26.4. If:
- 26.4.1. the Operator is placed in liquidation, either provisionally or finally, whether voluntarily or compulsorily, or
 - 26.4.2. the Operator applies for or undergoes business rescue in terms of Chapter 6 of the Companies' Act, 2008, or
 - 26.4.3. the estate of the Operator is sequestrated, either provisionally or finally, or
 - 26.4.4. the estate of the Operator is surrendered, or
 - 26.4.5. the Operator commits an act of insolvency, or
 - 26.4.6. the Operator dies, whether the Operator is an individual or a member of a partnership or syndicate, or
 - 26.4.7. a judgment in any competent court is given against the Operator, and is not satisfied within a period of 14 (fourteen) days, or
 - 26.4.8. before completion of the Agreement the major portion of the assets of the Operator is disposed of or the majority shareholding of the Operator is transferred or there is a change of management control of the Operator,

the University will be entitled, but not obliged, to terminate the Agreement forthwith without payment to the Operator of any damages whatsoever resulting from such termination.

- 26.5. Neither Party will be regarded as having waived, or be precluded in any way from exercising, any right under or arising from this Agreement by reason of such Party having at any time granted any extension of time for, or having shown any indulgence to, the other Party with reference to any payment or performance hereunder, or having failed to enforce, or delayed in the enforcement of, any right of action against the other Party.
- 26.4 Without derogating from the generality of the aforesaid, the University will be entitled to terminate this Agreement on one month's written notice to the Operator insofar as the University is of the opinion that the Business is no longer economically viable or for any other reason whatsoever.

27. DISPUTE RESOLUTION

- 27.1. The Parties will negotiate in good faith to resolve any disputes that may arise out of this Agreement.
- 27.2. Within a period of 14 (fourteen) days after the date on which the dispute arose ("the Dispute Date") the Parties will meet to discuss the dispute and will endeavour to resolve the dispute amicably. Each Party undertakes at such meeting to make full disclosure to the other of all information and records relating to the dispute.

- 27.3. If the Parties are unable to resolve the dispute amicably within 30 (thirty) days from the Dispute Date, either Party may refer the dispute to the Chief Operating Officer and the Director/s of the Operator, owner or equivalent, or their duly appointed representatives, who will use their best endeavours to resolve the dispute. Their determination will be final and binding and will be carried into effect by the Parties.
- 27.4. If the individuals described above fail to resolve the dispute within a period of 30 days after it has been referred to them, either Party will be entitled to refer the dispute for adjudication by a competent South African Court, unless the Parties agree to resolve such dispute by arbitration in terms of a separate arbitration agreement between the Parties.
