HOUSING BIBLIOGRAPHY
2008-2012

Updating the housing bibliography of the National Department of Human Settlements (DHS)
April 2013
PART 2 – BIBLIOGRAPHY
This report was commissioned by the Strategy Chief Directorate in the Department of Human Settlements. It is a third bibliography to be commissioned and published by the Department. The bibliography is a collation of research pieces developed in areas that support human settlements development; it is a guiding document which informs researchers in different sectors of the knowledge that has been generated and its location. The bibliography is presented in two parts: part 1 gives a brief annotation and part 2 provides the actual bibliography.

The Chief Directorate would like to recognise the following people whose efforts drove the project and produced this report:

• Firstly, Gemey Abrahams Consultants who carried out the work on behalf of the Department;
• Secondly, Ms Matodzi Michelle Amisi for managing the project;
• Thirdly, Ms Thembela Gxavu for the support rendered to the team
• Lastly, our Provincial and Municipal partners and all stakeholders who submitted their work to be part of the bibliography.

We hope that the bibliography would find use and fulfill its purpose of a functional reference point for researchers, particularly those within the human settlements sector.

DR ZOLEKA SOKOPO
CHIEF DIRECTOR: HUMAN SETTLEMENTS STRATEGY
DATE: 29 APRIL 2013
