OBJECTIVES OF THE COURSE

The course reflects the view that the successful South African property investor and practitioner must be able to identify and assess investment opportunities, understand the socio-economic environment in which the property market functions, and assess what is expected of property professionals.

The course provides a comprehensive and yet practical understanding of the financial, legal and technical parameters that influence South African residential and commercial property environment.

This is achieved through formal lectures, complemented with contemporary case studies.

WHO WILL BENEFIT FROM THIS COURSE?

The course assumes no prior formal knowledge of the South African property market and should therefore be seen as an introductory course. The course will be of interest to the following:

- property investors;
- entrants in the property profession;
- residential and property brokers; and
- property professionals in the public and private sectors.

COMPETENCIES ON COMPLETION

- Analyse the property market;
- Identify investment opportunities;
- Assess risks and returns in the property market;
- Value residential and commercial properties;
- Interpret town planning schemes;
- Understand the principles of property law;
- Raise property finance and assess investment returns;
- Determine what is expected of property professionals; and
- Understand the management of properties.

WHO WILL PRESENT THE COURSE?

The course will be presented by lecturers from the School of Construction, Economics & Management.

STRUCTURE OF THE COURSE

The course comprises 12 weekly lectures (each of two hours duration) held on the Braamfontein Campus West at the University of the Witwatersrand, plus one revision session and one further session for a final examination.
