

| Unit name | Supply Air Rate [l/s] | Fresh Air Quantity [l/s] | On Coil Temperature (DB) | On Coil Temperature (WB) |
|-----------|-----------------------|--------------------------|--------------------------|--------------------------|
| AC-01     | 135                   | 60.0                     | 26.72                    | 17.56                    |
| AC-02     | 135                   | 60.0                     | 26.72                    | 17.56                    |
| AC-03     | 135                   | 50.0                     | 26.02                    | 17.23                    |
| AC-04     | 325                   | 120.0                    | 26.01                    | 17.22                    |
| AC-05     | 320                   | 100.0                    | 25.47                    | 16.98                    |
| AC-06     | 320                   | 100.0                    | 25.47                    | 16.98                    |
| AC-07     | 320                   | 100.0                    | 25.47                    | 16.98                    |
| AC-08     | 615                   | 400.0                    | 28.68                    | 18.46                    |
| AC-09     | 615                   | 400.0                    | 28.68                    | 18.46                    |
| AC-10     | 615                   | 180.0                    | 25.28                    | 16.89                    |
| AC-11     | 615                   | 180.0                    | 25.28                    | 16.89                    |
| AC-12     | 615                   | 180.0                    | 25.28                    | 16.89                    |
| AC-13     | 615                   | 180.0                    | 25.28                    | 16.89                    |
| AC-14     | 620                   | 370.0                    | 28.17                    | 18.23                    |
| AC-15     | 330                   | 225.0                    | 28.98                    | 18.60                    |
| AC-16     | 330                   | 225.0                    | 28.98                    | 18.60                    |
| AC-17     | 330                   | 50.0                     | 23.94                    | 16.27                    |
| AC-18     | 283                   | 80.0                     | 25.19                    | 16.84                    |
| AC-19     | 720                   | 300.0                    | 26.46                    | 17.43                    |
| AC-20     | 330                   | 135.0                    | 26.39                    | 17.40                    |
| AC-21     | 330                   | 135.0                    | 26.39                    | 17.40                    |
