(i) Invitation

The Campus Planning and Development Department (CPD) of the University of the Witwatersrand, Johannesburg (WITS), herein referred to as the Client, cordially invites experienced and qualified contractors to participate in this Request for Proposal (RFP) for the **University's Faculty Of Health Sciences Campus Backup Power Project**. This invitation is extended to contractors with a demonstrated expertise in executing projects of similar nature and scope.

(ii) Purpose and Scope:

The purpose of this bid is to appoint a contractor for the Wits Health Sciences Campus Backup Power Project. Which encompasses, design, supply, installation, commissioning and maintenance of a 1MVA backup power diesel generator and 25000-litre free-standing diesel storage, at the University's Health Sciences (Medical School) campus. The extent of works includes the following:

- **Electrical Works:** Installation of the generator and associated electrical infrastructure.
- **Mechanical Works:** Implementation of the diesel storage tank and auxiliary systems.
- **Structural Works:** Design and construction of support structures for the equipment.
- **Testing and Commissioning:** Full operational verification of all systems.

(iii) Contractor Requirements:

Wits seeks contractors who have a minimum CIDB grading of 5EB.

(iv) Contract Award:

The Client has elected the NEC4 Engineering & Construction Short Contract (ECSC4) included under Part C1.2 - to be a preferred form of contract for the project. The Tenderer will review the NEC4 Contract's standard terms and contract data; and will be permitted to submit its reasonable qualifications (if applicable) for the Client's consideration.

(v) Overall Project / Contract Execution Model

Overall delivery and management of WITS' capital work programme is aligned with the principles of an integrated project procurement and delivery management guidelines. The Tenderer's attention is drawn to the University's objective of seeking to establish proactive risk management and collaborative project delivery relationship between WITS and the appointed contractor.

(vi) Assumptions & Constraints

- All tender submissions are subject to the NEC4 Engineering & Construction Short Contract (ECSC4).
- Pricing must include all costs, as no changes will be accepted post-submission.
- No travel or accommodation costs will be covered by WITS.

(vii) Policies, Procedures and Regulatory Standards:

In general, WITS executes this tender process and incorporates tender conditions that are in accordance with the latest editions of SANS 10845-3 Standard Conditions of Tender. Additionally, the University's terms and conditions, as detailed in Annexure 7 - Tender Terms and Conditions, will also be taken into consideration.

SANS 10845-3 makes several references to the Tender Data for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the provisions of SANS 10845-3.

Criterion 3	<p>Programme</p> <p>The Tenderer is to label the Programme as Schedule 2</p> <p>The programme will be assessed for completeness based on the presence of key elements (timeline, resource allocation, coordination, risk management, and monitoring). However, the actual score is exclusively tied to the programme duration as shown in the scoring criteria. This ensures that while the full programme content is evaluated for quality, the efficiency of the timeline itself drives the score.</p> <p>Programme Format:</p> <ul style="list-style-type: none"> • Label the Programme as Schedule 2. • Require a Gantt Chart format for clear visibility of all principal activities and their timing. <p>Programme Requirements:</p> <ul style="list-style-type: none"> • Limit the programme submission to essential elements that directly impact project delivery speed and quality. <p>Revised Elements:</p>
--------------------	---

	<ul style="list-style-type: none"> • Project Timeline (Essential): <ul style="list-style-type: none"> ○ Detailed Milestones and Completion Timelines: The programme should include only the major project milestones (e.g., design completion, equipment delivery, installation start and finish, commissioning). ○ Critical Path Identification: Indicate any tasks on the critical path and propose mitigation for potential delays. • Resource Allocation (Key Summary Only): <ul style="list-style-type: none"> ○ Labour and Equipment Allocation: A high-level summary of labour, key equipment, and material resources, ensuring they are sufficient to meet project timelines. ○ Resource Constraints: Briefly describe how constraints (e.g., limited access to critical resources) will be addressed to prevent delays. • Risk Management (Brief Overview): <p>Key Risks to Timeline: Identify any significant risks that could impact the timeline, with a simple, practical plan for addressing them.</p>

General Information: Local Presence in South Africa			
Tenderers are required to submit proof of a local presence in South Africa, such as a utility bill or lease agreement. While it is preferable for the local office to be within 80km of the project location to facilitate efficient support and response times, this proximity is not a mandatory requirement and will not disqualify tenderers. The proof of local presence ensures that the tenderer has the capacity to provide services locally.
