

University of the Witwatersrand - SA Research Chairs - August 2017

Name	Start	End	School	Faculty	Title of Chair
Adler, JB	2010	2025	School of Education	Humanities	Mathematics Education
Coetzee, M	2008	2023	Wits Research Institute for Malaria	Health Sciences	Medical Entomology & Vector Control
Colafrancesco, S	2011	2026	School of Physics	Science	Radio Astronomy
De Mello Koch, R	2007	2022	School of Physics	Science	Fundamental Physics & String Theory
Dirr, HW	2007	2022	School of Molecular and Cell Biology	Science	Protein Biochemistry & Structural Biology
Durrheim, RJ	2007	2022	School of Geosciences	Science	Research Chair in Exploration, Earthquakes and Mining Seismology
Eyles, JD	2014	2029	School of Public Health	Health Sciences	Health Policy and Systems
Falcon, RMS	2013	2028	School of Chemical and Metallurgical Engineering	Engineering and the Built Environment	Clean Coal Technology
Hamilton, L	2016	2031	School of Social Science	Humanities	Political Theory
Harrison, PJ	2010	2025	School of Architecture and Planning	Engineering and the Built Environment	Social Chair in Development Planning and Modelling
Henshilwood, CS	2007	2022	Evolutionary Studies Institute	Science	The Origins of Modern Human Behaviour
Jejjala, V	2011	2026	School of Physics	Science	Theoretical Particle Cosmology
Landau, LB	2014	2029	African Centre for Migration & Society	Humanities	Mobility and the Politics of Difference
Madhi, SA	2008	2023	School of Pathology/Respiratory and Meningeal Pathology	Health Sciences	Vaccine Preventable Diseases
Majozi, T	2007	2022	School of Chemical and Metallurgical Engineering	Engineering and the Built Environment	Research Chair in Sustainable Process Engineering
Moore P	2016	2031	Department of Virology in School of Pathology	Health Sciences	Virus-host dynamics for public health
Munro, OQ	2007	2022	School of Chemistry	Science	Bio-inorganic Chemistry
Ndlovu S	2016	2031	School of Chemical and Metallurgical Engineering	Engineering and the Built Environment	Hydrometallurgy: Innovation and Sustainability
Nieftagodien, MN	2007	2022	School of Social Sciences - History Workshop	Humanities	Local Histories & Present Realities
Pillay, V	2008	2023	School of Ther. Sc- Pharmacy and Pharmacology	Health Sciences	Pharmaceutical Biomaterials & Polymer-Engineered Drug Delivery Technologies
Ramsay, M	2014	2029	School of Pathology (Bioinformatics)	Sydney Brenner Institute for Molecular Biology	Bioinformatics of African Populations
Rispel L	2016	2031	School of Public Health	Health Sciences	Public health
Scholes M	2016	2031	School of Animal, Plant and Environmental Sciences	Science	Global change and systems analysis
Steyn, ME	2014	2029	School of Social Sciences	Humanities	Critical Diversity Studies
Tiemessen, CT	2013	2028	School of Pathology/Centre for HIV and STIs (NICD)	Health Sciences	HIV Vaccine Translational Research
Venkatakrisnan, H	2011	2026	School of Education	Humanities	Chair in Numeracy
Allais, S	2017	2032	School of Education	Humanities	Chair in Post-School Education and Training
