

## One-time Setup: Install the Mobility Print app on your Android device

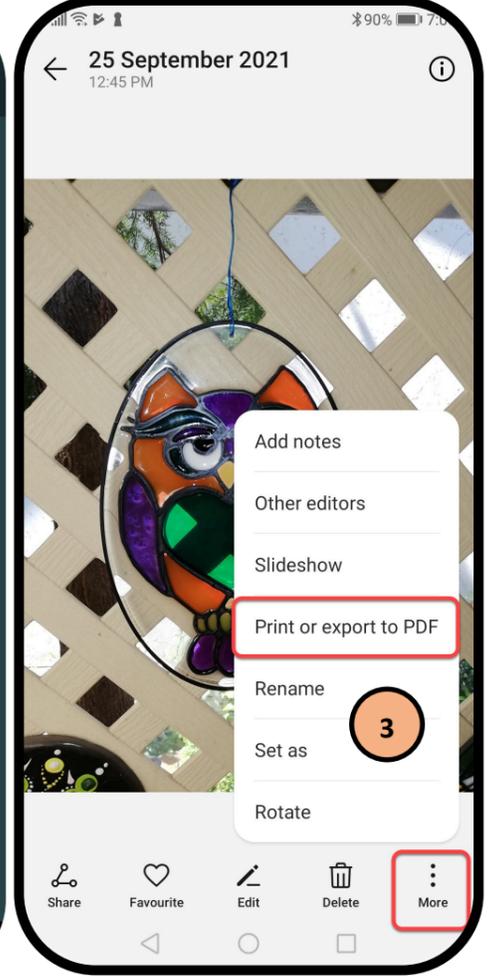

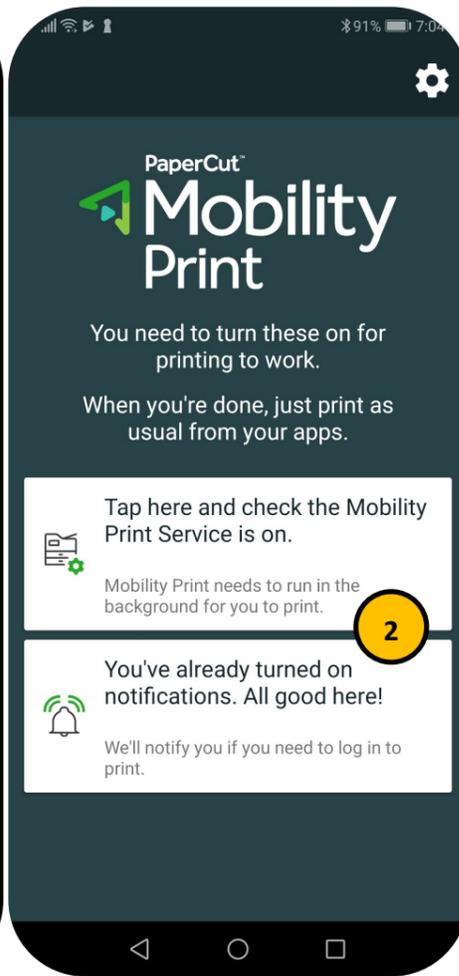

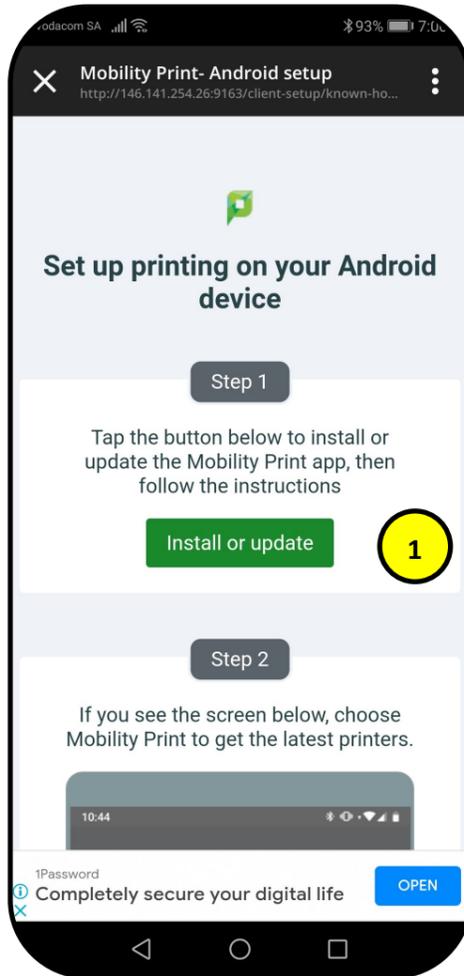

**You must be on the WITS WiFi Network to use PaperCut Mobility**

Open the link <http://146.141.254.26:9163/setup>

or select the QR Code.

- 1 **Install the Mobility Print app from the Google Play Store**
- 2 **Launch the Mobility Print app. Tap to check the Mobility Print Service and Notifications are on.**
- 3 **Open the file or image you want to print. Select the Menu (More) option and select Print**

## Selecting the printer and adding user details

- 4 **Select the relevant printer.**  
*BW-Mobile*  
*Colour-Mobile*  
**You can change basic functionality like Copies, Paper Size, Single/Double Sided**
- 5 **The first time you print you will need to complete your Student/Staff details.**  
**Enter you Staff or Student number and your current password.**  
**If your password changes you will be prompted to update**
- 6 **Your jobs will be held in the queue to be released at one of the Xerox devices.**
