

# A New Chapter with LinkedIn Learning

We've changed partners, but you still have cutting-edge learning at your fingertips.

The Human Resources Development Unit (HRDU) confirms a 12-month partnership with LinkedIn Learning to facilitate dynamic skills development for our staff.

Launched in November 2025, you can now access more than 24 000 courses and join a learning community of more than 27 million people worldwide. Through the connection with the LinkedIn professional platform, LinkedIn Learning draws data from more than 1.5 billion users globally to monitor and interpret skills trends, evaluate organisational needs and demands, and provide leading-edge diagnostics to help clients 'future-proof' themselves and their teams.

As part of the launch campaign, the HRDU is hosting a webinar for all staff, in partnership with LinkedIn Learning:

**Tuesday, 7 April | 13h00 - 14h00**

To book for the webinar, please email Mongezi Mashinini at the HRDU on [mongezi.mashinini@wits.ac.za](mailto:mongezi.mashinini@wits.ac.za)  
RSVP by Tuesday, 7 April 2026 at 10h00
