Introduction

Tuition fees for 2026

Wits is internationally distinguished for its excellent research, high academic standards, and commitment to social justice in Africa and beyond. Wits' primary focus remains academic excellence, which is underpinned by the four focus areas outlined in its 2033 Strategic Framework namely: (1) Advancing a Shared Identity, (2) Pursuing academic excellence, (3) Achieving social impact and (4) Ensuring its Sustainability.

2026 represents the third year of implementation of the Wits 2033 Strategic Framework, anchored in the advancement of a people-centered university that champions excellence and innovation across all areas of the institution,

The University remains committed to financial transparency and responsible financial stewardship. We are committed to providing exceptional education and academic excellence, while ensuring the long-term financial and institutional sustainability of the University. The University acknowledges that the successful achievement of its sustainability goals will require collaboration, integrated thinking, and coherent decision – making across financial, systems, academic and campus environment dimensions.

The University prides itself on sustaining an appropriate balance between academic excellence and long – term financial sustainability. Tuition and related fee contributions play a vital role in enabling continued investment in leading-edge facilities, the attraction of exceptional academic, professional and administrative staff, and the cultivation of an innovative learning environment. Tuition and related student fees are fundamental to the University's revenue model and are levied to sustain the academic services rendered to students. Government subsidies represent a further core revenue stream supporting the University's operations (i.e., funds allocated by the Minister of Higher Education, Science and Technology in line with section 39 of the Higher Education Act of 1997, as amended).

The University's financial planning framework is structured to deliver at least a break-even outcome and prudent financial performance, ensuring the ongoing financial sustainability of Wits. In setting the 2026 fee increases, Wits Management and Council followed the University's established approach, while also considering current and emerging trends in the residential and accommodation market. Tuition fees are determined individually for each student based on their chosen academic programmes and apply to all students enrolled at Wits.

NSFAS continues to play a critical role in supporting access to public higher education by providing financial assistance to eligible first-time South African students/ citizens, in accordance with its policies and guidelines. Based on historical trends, sponsors and donors are expected to contribute approximately an additional billion rand, with such support determined by qualifying criteria, including academic performance and financial need.

We acknowledge, with sincere appreciation, the valuable support of all stakeholders who continue to contribute to the success of the University and its students. We are confident that continued support from all stakeholders will underpin Wits' financial stability and liquidity, while enabling the University to strengthen its position as a globally recognized institution of excellence.

We thank you for choosing our institution as the foundation for your future and look forward to supporting you in achieving your academic and personal aspirations. We wish you a successful academic year.

International students are required to pay 75% of the annual tuition fee on or before registration, as well as 75% of the on-campus accommodation fee. This payment includes the annual tuition fees and other related costs. The balance of the fees is payable by 30 June 2026.

If the student has historical debt, then the student needs to pay 50% of the debt and sign a Historical AOD if eligible.

Students from the Southern African Development Community (SADC) member countries pay local tuition fees and an annual International Registration Fee (see Table 1). SADC member countries are Angola, Botswana, Comoros, Democratic Republic of Congo, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Mozambique, Namibia, Seychelles, Tanzania, Zambia and Zimbabwe.

International undergraduate students from outside of SADC pay double the local tuition fees (see Table 1).

Fees for Refugees, Asylum Seekers, Diplomats and their dependents stationed in South Africa, occasional international students, and international Wits employees and their dependents are listed in Table 1. Please refer to Section 6 on the different methods of payment available to students.

International students need to follow the process below in order to obtain a fee clearance:

- Complete the On-line Fee Estimator (accessible on the Student Self Service Portal) for the annual tuition fees, other related costs and the on-campus accommodation fee (if applicable).
- 75% of the cost is payable on or before registration and the balance 30 June 2026.

- Forward the proof of payment and copy of the Fees Estimate to <https://wits-help-ism.saasiteu.com> for fees clearance.

Additional information on who pays International fees is listed below.

- International Students who are married (including same sex marriages) to SA citizens or permanent residents** - pay international fees until they have obtained SA citizenship or permanent residency.
- International Students who are in life partnerships with SA citizens or permanent residents** - pay international fees until they have obtained SA citizenship or permanent residency.
- International Students who pay SA taxes** (e.g. contract workers or temporary residents) - the criterion of paying tax in South Africa does not change a person's immigration status and as such it is not sufficient for a reduction in international fees.
- International Students who pay SADC taxes** - paying tax in a SADC country does not change a person's immigration status and as such does not qualify for exemption from international fees.
- SA & SADC Temporary Residents** - If there is an expiry visa date and if individuals are required to renew residence status periodically, then such individuals are not permanent residents of the country and do not qualify to pay local fees.
- SA Permanent Resident Applicants under Review (including those married to SA residents/citizens)** - there is no guarantee that permanent residence status will be granted. Until such status is granted, international fees apply.
- International Students who are children of South African citizens or Permanent Residents** - pay international fees until they themselves have obtained SA citizenship or permanent residency.

Note: The immigration status held at the time of registration determines the applicable annual fees. Should you obtain permanent residence during the academic year, it is your responsibility to update your citizenship information with the International Students Office. Please note that fees paid at the beginning of the year are neither refundable nor subject to adjustment. Any revised fee structure will take effect in the subsequent academic year.

The International Registration Fee (IRF) of R6 970.00 is non-refundable.

Residence Rentals, Meal Prices and Levies

A.1 Catering Residences – Rentals & Meal Prices

Annual rentals and meals for catering residences – (i.e residences in which dining hall meals are provided by the University) cover the standard undergraduate teaching terms, the examination periods and the April and September study breaks only.

The following rental & meal prices are applicable to catering residences only – i.e. to Barnato Hall, David Webster Hall, Ernest Oppenheimer Hall, Girton Hall, Jubilee Hall, Knockando Halls (Lighton Hall & Williams Hall), Medhurst Hall, Men’s Halls (College & Dalrymple), Reith Hall and Sunnyside Hall.

Meal Option (See Section A.2 below for details)	Annual Rentals	Meals	TOTAL Annual Rental & Meals	Initial Payment	Balance due by 30 June
10A = 10 meals per week Mon to Fri: breakfast & supper*	R70 400 per student in a single room. Double room discount, see below.	R15 634	R86 034	R5 000	R81 034
10B = 10 meals per week Mon to Fri: lunch & supper*		R18 419	R88 819	R5 000	R83 819
15C = 15 meals per week Mon to Fri: 3 meals per day*		R25 371	R95 771	R5 000	R90 771
14D = 14 meals per week Mon to Fri: breakfast & supper*		R22 225	R92 625	R5 000	R87 625
Sat & Sun: lunch & supper* 14E = 14 meals per week Mon to Fri: lunch & supper* Sat & Sun: lunch & supper*		R24 916	R95 316	R5 000	R90 316
19F = 19 meals per week Mon to Fri: 3 meals per day* Sat & Sun: lunch & supper*		R31 954	R102 354	R5 000	R97 354

Accommodation rental in a double room is R66 000 per student and is exclusive of meals.

- Total meal prices for the year differ according to the check-in dates and the check-out dates of each individual. At least 10 meals must be taken each week. The price per meal is:
- Breakfast R34;
- Lunch R47; and
- Supper R39.

A once-off levy of R70,00 for a set of cutlery is included in the above pricing.

Meal Option (See Section A.2 below for details)	Annual Rentals	Meals	TOTAL Annual Rental & Meals	Initial Payment	Balance due by 30 June
New first-year undergraduates receive free accommodation during the period 17 January to 30 January. Meals served to catered and self-catered students during the orientation period is for the account of the student. For catered students this cost is included in line with the meal plan selected and any additional meals will be billed separately to the fee account. Meals served to self-catered students during the orientation period will be billed separately to the students fee account.					

A.2 Meal Plans

The number (code) for each meal option above indicates the number of meals with which a student will be provided each week – e.g. Option 10A, for example, provides 10 meals per week.

Full details of the “Wits Smart Dining” online meal booking system (which enables students to book additional meals, or to unbook a particular meal, or to move meal bookings) are available on registration.

Please note:

- *Unfortunately the University is not able to cater for individuals with strict dietary needs, whether for religious or for medical reasons. Such students are therefore normally allocated to self-catering residences after consideration of each individual’s needs.*
- *A student whose academic term dates do not correspond with the normal first-year undergraduate term dates should consult the Dining Hall Liaison Officer responsible for his/her dining hall regarding the related additional meals and the cost thereof.*

B. Periods Covered by Rentals

B.1 Catered Accommodation

The rentals and meal prices in Section A.1 cover the general undergraduate academic year, which is a period of about 40 weeks. New first-year undergraduates in residences receive free accommodation during the period 17 January to 30 January. The normal rental period for residence students then commences on 31 January in preparation for the start of the academic year on Tuesday, 03 February. Certain category of students e.g. Health Sciences, whose academic curriculum will require their presence on campus outside of the periods mentioned above must consult the Residence Administration Officers of their residences early in the year to confirm their personal term dates and additional accommodation requirements, and their additional rentals. Failure to do so will not absolve a student from the obligation to pay additional rentals, and to pay for the related additional meals and levies.

Accommodation for deferred/supplementary exams, electives or support programmes/blocks undertaken by students is not covered by the annual rental.

Students in catering residences are required to vacate their residences during the mid-year vacation, but they are not required to do so during the April and September study breaks. A student in a catering residence may remain in his/her residence only until the day after he/she has completed his/her examinations. This applies to the mid-year and the end-of-year examination periods.

Please note:

- ***Any student who remains in a catering residence without written permission for more than one night after his/her last examination in June/July or in November/December may face disciplinary and/or financial consequences and may be excluded from the Residence Programme thereafter.***

B.2 Self-Catering Accommodation

The accommodation period for Campus Lodge, International House and West Campus Village covers the period 4 January until the 18 December.

The accommodation period for the Wits Junction is 17 January to 30 November. The accommodation period in other self-catering residences is 17 January until the day following the student's last end-of-year examination.

Certain category of students e.g. Health Sciences and postgraduates (including most Honours, PHD and Masters candidates) etc., whose academic curriculum will require their presence on campus outside of the period mentioned above must consult the Residence Administration Officers of their residences early in the year to confirm their personal term dates and additional accommodation requirements, and their additional rentals with the last accommodation day allowed being the 18 December. Failure to do so will not absolve a student from the obligation to pay additional rentals.

Accommodation for deferred/supplementary exams, electives or support programmes/blocks undertaken by students is not covered by the annual rental.

New first-year undergraduates in self-catered residences receive free accommodation during the period 17 January to 30 January. The normal rental period for residence students then commences on 31 January in preparation for the start of the academic year on Tuesday, 3 February.

Please note:

- ***Any student who remains in a self-catering residence (except Campus Lodge, International House West Campus Village and Wits Junction) without permission for more than one night after his/her last November/December examination may face disciplinary and/or financial consequences and may be excluded from residences thereafter.***

B.3 Vacation Accommodation

Residence students needing accommodation for academic or academic-related purposes outside of normal University terms will be charged rentals for this period and includes accommodation required for deferred/supplementary exams and support programmes/blocks. International students whose family homes are outside Southern Africa and cannot return home at the end of the normal University term but wish to stay in University accommodation will be accommodated in vacation accommodation residences and charged for their period of stay.

Vacation accommodation rates are available from the Central Accommodation Office.

C. General Information

C.1 Deposit to secure a residence place – NEW APPLICANTS ONLY

A deposit of R990 is payable upon acceptance of a residence offer. This amount will be credited to the student's general fee account and is refunded if the student is not accepted to the University. All refunds are processed through the Fees Office.

C.2 Payment of residence rentals, meals and levies

A payment of R5 000 being the initial instalment is due before admission to any residence. The balance is due by 30 June. Students being funded by a sponsor/bursary e.g. NSFAS, are liable for the full fees if the sponsor withdraws/declines the funding or fund only a portion of the fees. Special arrangements may be made directly with the Fees Office to pay off this portion in instalments.

Exceptions to the initial payment requirement in C.2 above are –

- (i) a student whose residence rentals, meals and levies will be met in full by bursaries, scholarships, NSFAS financial aid packages or by recognised sponsors, and who submits acceptable written evidence of such support by uploading such information on the FASO section of the student self-service portal, to the Residence Administration Officer of the student's assigned residence and to the Fees Office.
- (ii) Students not able to pay the first instalment due to experiencing financial difficulty or other exceptional circumstances will be allowed to waive the initial instalment.
- (iii) international students, all of whom are required to pay 75% of their annual residence rentals and meals before admission to a residence, and the balance of the fees is payable by 30 June.

C.3 Failure to pay fees

All fees are payable in full, irrespective of whether the academic programme is interrupted by factors beyond the University's control, e.g. strikes, student boycotts, civil unrest, or other disruption on campus etc.

If a student fails to pay 100% of his/her residence charges by 30 June (or, in the case of a student who has entered into an instalment agreement with the Fees Office, by the agreed date for payment of the final instalment), his/her examination results may be withheld, and the **student will not be admitted to a University residence during the following academic year.**

If a student who has entered into an instalment payment agreement with the Fees Office has fallen behind in his/her payments by the end of the first term, he/she will have **forfeited his/her rights to further accommodation during the remainder of the year.**

C.4 Withdrawal from University accommodation

If a student wishes to withdraw from University accommodation during the academic year, a minimum of one month's written notice is required which is to be submitted online via the self-service portal and will be liable for the duration of their stay and the rentals for the notice period. However, if a student giving notice vacates his/her accommodation within 3 days of taking occupancy and within the first week of the term, rentals for the notice period will not be charged. If, however, cancellation occurs after 31 July, the student shall be liable for the entire rental and associated charges for the year, and shall not be entitled to any credit adjustment, except for students who are excluded or de-registered by the Faculty. Masters and PHD students arriving after the 01 April have until 1 October to cancel their accommodation to avoid being liable for the full residence rentals.

- When cancelling accommodation in a catered residence, the student must also notify the Dining Hall Liaison Officer of the related dining hall in writing that the remaining booked meals for the year must be cancelled. Failure to do so will render the student liable for the cost of all meals originally booked for the remainder of the year.
- Students cancelling their accommodation during the Wits Orientation Programme will be liable for rentals for the duration of their stay.

C.5 Penalties and Levies

The following annual levies are not included in the annual rentals, and are charged separately, where applicable:

- a *pro rata* Appliance Levy to cover electricity for catering appliances belonging to a student –

microwave oven		R350
refrigerator	- single door, under/more than 220 litres	R3 160 / R4 020
	- double door, under/more than 220 litres	R4 020 / R4 600
- Parking levy of R260 per month (Wits Junction Only)
- An Orientation Week Levy of R680 will be charged to all new first-year undergraduates to cover t-shirts, transport and other expenses associated with the Orientation Programme.
- Students will be charged in the case where University property has been damaged, refer to The Conditions of Accommodation for detailed information.
- Students who have not vacated their residence as required to do will be charged the daily residence rental rate per day for their additional stay. Please take note of section B1 & B2 above. Students who have not handed in their room keys on vacating their room will be billed until the keys are returned to the residence admin offices.
- All penalties charged onto the students fee account must be paid within two months of being billed.
- Because of high-security locks used in most residences, students who lose keys are required to pay for replacement keys and/or cylinders at prices ranging between R200 and R750 per key, upon the type of lock.

C.6 University students attending conferences or sports tournaments

Rentals and/or meal charges for students residing in Wits residences for conferences or inter-varsity sports events during vacations shall be as per the standard prices determined by Higher Education South Africa (HESA) or SASSU.

C.7 Residence rentals for persons other than registered students

The rentals associated with conferences or other events during University vacations vary between R350 and R450 per day, depending upon the category and standard of accommodation. Meals and other requested services are not included in the rentals. Central Accommodation Office may be contacted for prices on meals and other services.

C.8 Rebates/Refunds/Discounts

Rebates on residence rentals, meals and levies are not permitted for any period during which a student is absent from the University whether because of illness, academic excursions, electives, or other causes. No student is entitled to any discount in respect of residence rentals, meals and levies, for any reason whatsoever.
