

UNIVERSITY OF THE
WITWATERSRAND,
JOHANNESBURG

Introduction

Tuition fees for 2024

Wits is internationally distinguished for its excellent research, high academic standards, and commitment to social justice in Africa and beyond. Wits' primary focus remains academic excellence, which is underpinned by the four focus areas outlined in its 2033 Strategic Framework namely: (1) Advancing a Shared Identity, (2) Pursuing academic excellence, (3) Achieving social impact and (4) Ensuring its Sustainability.

The 2023 year was a dawn of the Wits 2033 Strategic Framework implementation, which at its core has the advancement of a people-centric university with an ethos of excellence and innovation across all spheres of the University.

The University continues with its commitment towards financial transparency and responsible financial management. Our aim is to provide exceptional education and academic excellence whilst ensuring the sustainability of the University. The University acknowledges that a collaborative approach will be crucial to the attainment of its sustainability goal which will require an integrated approach, thinking and decision – making on financial, systems, academic projects, and campus environment.

The University has operated within a challenging economic environment during 2023 which is expected to persist in 2024, which has been characterized by fiscal constraints, rising costs of doing business, and rising students' debts. The fiscal constraints manifested in the state funding cuts that have been experienced during 2023 to date, which is impacting negatively on our sources of Revenue.

Tuition Fees and Other Students fees are the core revenue stream for the University and are therefore levied for the provision of the academic services that Wits renders to its students. The funding received from the State in the form of a subsidy (i.e., funds allocated by the Minister of Higher Education, Science and Technology in line with section 39 of the Higher Education Act of 1997, as amended), is also core revenue stream for the University.

The University, through its financial planning process, ensures that a break-even budget and financial performance is at least achieved with an aim to mitigate towards eroding the financial sustainability of Wits.

Wits Management and Council have maintained fee increases for 2024 to be aligned to the historical trends and the assumed budgeted inflation, which lagged the prevailing CPI. Tuition fees are levied individually per student based on their choice of the university programmes enrolled for; and implies that, the tuition fees are payable by all students enrolled within the University.

NSFAS, continues to provide subsidised higher education (that includes all tuition fees, accommodation, and stipends) for poor and working-class South Africans entering University for the first time based on its guidelines. However, in 2023 there have been various policy changes introduced by NSFAS which will impact on the available funding and related student debt negatively.

Based on past trends, an additional billion rand will be paid by sponsors and donors whose qualifying criteria (academic and needs based) largely determine the nature of the recipients to be supported.

We would like to express our gratitude to all stakeholders who have supported Wits University and its students to date. We believe that the continuing support of all stakeholders will go a long-way in ensuring the liquidity and sustainability of Wits, as well as enabling Wits to maintain its status of being amongst the best in the world.

An international student is defined as a student who is neither a South African national nor a permanent resident of South Africa at the time of registration. International students are required to pay 75% of the annual tuition fee on or before registration, as well as 75% of the on-campus accommodation fee. This payment includes the annual tuition fees and other related costs. The balance of the fees is payable by 31 May 2024.

Students from the Southern African Development Community (SADC) member countries pay local tuition fees and an annual International Registration Fee (see Table 1). SADC member countries are Angola, Botswana, Comoros, Democratic Republic of Congo, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Mozambique, Namibia, Seychelles, Tanzania, Zambia and Zimbabwe.

International undergraduate students from outside of SADC pay double the local tuition fees (see Table 1).

Fees for Refugees, Asylum Seekers, Diplomats and their dependents stationed in South Africa, occasional international students, and international Wits employees and their dependents are listed in Table 1. Please refer to Section 6 on the different methods of payment available to students.

International students need to follow the process below in order to obtain a fee clearance:

- Complete the On-line Fee Estimator (accessible on the Student Self Service Portal) for the annual tuition fees, other related costs and the on-campus accommodation fee (if applicable).
- 75% of the cost is payable on or before registration and the balance 31 May 2024.
- Forward the proof of payment and copy of the Fees Estimate to <https://witshelp-ism.saasiteu.com> for fees clearance.

Additional information on who pays International fees is listed below.

- **International Students who are married (including same sex marriages) to SA citizens or permanent residents** - pay international fees until they have obtained SA citizenship or permanent residency.
- **International Students who are in life partnerships with SA citizens or permanent residents** - pay international fees until they have obtained SA citizenship or permanent residency.
- **International Students who pay SA taxes** (e.g. contract workers or temporary residents) - the criterion of paying tax in South Africa does not change a person's immigration status and as such it is not sufficient for a reduction in international fees.

- **International Students who pay SADC taxes** - paying tax in a SADC country does not change a person's immigration status and as such does not qualify for exemption from international fees.
- **SA & SADC Temporary Residents** - If there is an expiry visa date and if individuals are required to renew residence status periodically, then such individuals are not permanent residents of the country and do not qualify to pay local fees.
- **SA Permanent Resident Applicants under Review (including those married to SA residents/citizens)** - there is no guarantee that permanent residence status will be granted. Until such status is granted, international fees apply.
- **International Students who are children of South African citizens or Permanent Residents** - pay international fees until they themselves have obtained SA citizenship or permanent residency.

Note: The immigration status at the time of registration determines the annual fees. If you are granted permanent residence status during the course of your year of study, your citizenship details must be updated at the International Students Office. However, your fees paid at the beginning of the year will not be refunded or amended. The new fees will only apply in the next academic year.

The International Registration Fee (IRF) of R6 970.00 is non-refundable.

Some courses in the Faculty of Humanities and the Faculty of Science have a fee which is intermediate between that for an 'Arts' course and a 'Science' course, for example, Geography whose laboratory/practical requirements are less costly than those of the average 'Science' course.
- ii) Special arrangements have been made for candidates for research degrees (Masters and PhD) who register in the second term: details are given in each faculty's postgraduate information booklet.

14. Research extension rebate (N+1)

At least six weeks prior to the expiry of the year of registration, a research student – regardless of whether s/he is completing a research report, a dissertation or a thesis – is allowed to apply to the Faculty Graduate Studies Committee for a one-month extension. Such application is permitted only once during a qualification and must be supported by a written motivation from the Supervisor and the Head of School.

If the student's application is successful, s/he is not liable for payment of a fee for this one-month extension. If the research student is unable to complete the research product in the specified time, s/he will be registered for the entire academic year (N+1) and will be liable for payment of all associated fees, unless s/he completes the research product by the end of June in that academic year (N+1), at which time a 50% fee rebate will be granted to the student. Such a rebate will also apply to the tuition fee for international students.

Please note that where applicable, the figures shown include VAT.

(* - This is the initial booking pattern, but meal bookings may be rearranged electronically at will.) A once-off levy of R70,00 for a set of cutlery is included in the above pricing.

New first-year undergraduates receive free accommodation during the orientation period – i.e. 27 Jan to 08 Feb. The meal charges during orientation will vary depending on the meal options selected by the student. (For Orientation Levy for new students, see C.5 below.)

The number (code) for each meal option above indicates the number of meals with which a student will be provided each week – e.g. Option 10A, for example, provides 10 meals per week.

Full details of the “Wits Smart Dining” online meal booking system (which enables students to book additional meals, or to unbook a particular meal, or to move meal bookings) are available on registration.

Please note:

- *Unfortunately the University is not able to cater for individuals with strict dietary needs, whether for religious or for medical reasons. Such students are therefore normally allocated to self-catering residences after consideration of each individual's needs.*
- *A student whose academic term dates do not correspond with the normal first-year undergraduate term dates should consult the Catering Liaison Officer responsible for his/her dining hall regarding the related additional meals and the cost thereof.*

B. Periods Covered by Rentals

B.1 Catered Accommodation

The rentals and meal prices in Section A.1 cover the general undergraduate academic year, which is a period of about 40 weeks. **New first-year undergraduates** in residences receive free accommodation during the orientation period – i.e. 27 Jan to 08 Feb. The normal rental period for residence students then commences on 09 Feb in preparation for the start of the academic year on Monday, 12 Feb. Certain category of students e.g. Health Sciences and Postgraduates (including most Honours, PHD and Masters students) etc., whose academic curriculum will require their presence on campus outside of the periods mentioned above must consult the Residence Accommodation Officers of their residences early in the year to confirm their personal term dates and additional accommodation requirements, and their additional rentals. Failure to do so will not absolve a student from the obligation to pay additional rentals, and to pay for the related additional meals and levies.

Additional accommodation for electives or support programmes undertaken by students e.g. Health Sciences is not covered by the annual rental.

Students in catering residences are required to vacate their residences during the mid-year vacation, but they are not required to do so during the April and September study breaks. A student in a catering residence may remain in his/her residence only until the day after he/she has completed his/her examinations. This applies to the mid-year and the end-of-year examination periods.

Note: Any student who remains in a catering residence without written permission for more than one night after his/her last examination in June/July or in November/December may face disciplinary and/or financial consequences and may be excluded from the Residence Programme thereafter.

B.2 Self-Catering Accommodation

The accommodation period for International House and West Campus Village covers the period 02 January until the day before the elected closing date of the University in December.

The accommodation period for The Wits Junction is 09 Feb to 30 Nov.. The accommodation period in other self-catering residences is 09 Feb until the day following the student's last end-of-year examination.

Certain category of students e.g. Health Sciences and Postgraduates (including most Honours, PHD and Masters students) etc., whose academic curriculum will require their presence on campus outside of the periods mentioned above must consult the Residence Accommodation Officers of their residences early in the year to confirm their personal term dates and additional accommodation requirements, and their additional rentals. Failure to do so will not absolve a student from the obligation to pay additional rentals.

Additional accommodation for electives or support programmes undertaken by students e.g. Health Sciences is not covered by the annual rental.

New first-year undergraduates in self-catered residences receive free accommodation during the orientation period – i.e. 27 Jan to 08 Feb. The normal rental period for residence students then commences on 09 Feb in preparation for the start of the academic year on Monday, 12 Feb. (For Orientation Levy for new students, see C.5 below.)

Note: *Any student who remains in a self-catering residence (except International House, West Campus Village and Wits Junction) without permission for more than one night after his/her last November/December examination may face disciplinary and/or financial consequences and may be excluded from residences thereafter.*

B.3 Vacation Accommodation (for academic purposes only)

Residence students needing accommodation for academic or academic-related purposes outside of normal University terms must pay the associated vacation accommodation rentals in full in advance or provide valid written guarantees of payment from recognised sponsors. Students funded by NSFAS will also be required to make payment in advance as NSFAS does not pay for vacation accommodation.

Vacation accommodation rates are available from the Central Accommodation Office.

C. General Information

C.1 Deposit to secure a residence place – NEW APPLICANTS ONLY

A deposit of R990 is payable upon acceptance of a residence offer for 2024. This amount will be credited to the student's general fee account and is refunded if the student is not accepted to the University. All refunds are processed through the Fees Office.

C.2 Payment of residence rentals, meals and levies

A payment of R10,000 being the initial instalment is due before admission to any residence. The balance is due by 31 March. Students being funded by a sponsor/bursary e.g. NSFAS, are liable for the full fees in the event that the sponsor withdraws/declines the funding or fund only a portion of the fees. Special arrangements may be made directly with the Fees Office to pay off this portion in instalments. The only exceptions to the initial instalment requirement in C.2 above are –

- (i) a student whose residence rentals, meals and levies will be met in full by bursaries, scholarships, NSFAS financial aid packages or by recognised sponsors, and who submits acceptable written evidence of such support by uploading such information on the FASO section of the student self-service portal, to the Residence Accommodation Officer of the student's assigned residence and to the Fees Office;
- (ii) those who have entered into special rental and meal payment agreements at the Fees Office;
- (iii) international students, all of whom are required to pay 75% of their annual residence rentals and meals before admission to a residence, and the balance of the fees is payable by 31 March for undergraduate students, and for postgraduate students 30 days after registration.

C.3 Failure to pay fees

All fees are payable in full, irrespective of whether the academic program is interrupted by factors beyond the University's control, e.g. strikes, student boycotts, civil unrest, or other disruption on campus etc.

If a student fails to pay 100% of his/her residence charges by 31 March (or, in the case of a student who has entered into an instalment agreement with the Fees Office, by the agreed date for payment of the final instalment), his/her examination results may be withheld, and the ***student will not be admitted to a University residence during the following academic year.***

If a student who has entered into an instalment payment agreement with the Fees Office has fallen behind in his/her payments by the end of the first term, he/she will have ***forfeited his/her rights to further accommodation during the remainder of the year.***

C.4 Withdrawal from University accommodation

If a student wishes to withdraw from University accommodation during the academic year, a **minimum** of one month's written notice is required which is to be submitted online via the self-service portal and will be liable for the duration of their stay and the rentals for the notice period. However, if a student giving notice by the 14th March and vacates his/her accommodation within three weeks after having taken occupation of their room, will not be charged rentals for the notice period.

- If, however, cancellation occurs after 31 July, the student shall be liable for the entire rental and associated charges for the year, and shall not be entitled to any credit adjustment, except for students who are excluded or de- registered by the Faculty. Masters and PHD students arriving after the 01 April have until 01 October to cancel their accommodation to avoid being liable for the full residence rentals.
- When cancelling accommodation in a catered residence, the student must also notify the Catering Liaison Officer of the related dining hall in writing that the remaining booked meals for the year must be cancelled. Failure to do so will render the student liable for the cost of all meals originally booked for the remainder of the year.

C.5 Levies

The following annual levies are not included in the annual rentals, and are charged separately, where applicable:

- a *pro rata* Appliance Levy to cover electricity for catering appliances belonging to a student –

microwave oven	R280
refrigerator - single door, under/more than 220 litres	R2540 / R3235
- double door, under/more than 220 litres	R3235/ R3710
- an Orientation Week Levy calculated on full cost recovery will be charged to all new first-year undergraduates to cover T-shirts, transport and other expenses associated with the Orientation Programme.

C.6 Cost of replacement keys

Because of high-security locks used in most residences, students who lose keys are required to pay for replacement keys and/or cylinders at prices ranging between R150 and R600 per key, depending upon the type of lock.

C.7 University students attending conferences or sports tournaments

Rentals and/or meal charges for students residing in Wits residences for conferences or inter-varsity sports events during vacations shall be as per the standard prices determined by Higher Education South Africa (HESA) or SASSU.

C.8 Residence rentals for persons other than registered students

The rentals associated with conferences or other events during University vacations vary between R350 and R450 per day, depending upon the category and standard of accommodation. Meals and other requested services are not included in the rentals. Central Accommodation Office may be contacted for prices on meals and other services.

C.9 Rebates/Refunds/Discounts

Rebates on residence rentals, meals and levies are not permitted for any period during which a student is absent from the University whether because of illness, academic excursions, electives, or other causes. No student is entitled to any discount in respect of residence rentals, meals and levies, for any reason whatsoever.

C.10 Interest & VAT

Interest will be charged on all overdue accounts.

VAT is payable where required by law.
