

ASAQS Wits Student Chapter

University of the Witwatersrand, Johannesburg

The **ASAQS Wits Student Chapter** is a student organization that is affiliated with the ASAQS, that serves to promote ASAQS to students studying towards a qualification recognized by the Association at the University and to offer a platform for bridging the gap between the works of the quantity surveying profession and varsity experience.

The objectives of the **ASAQS Wits Student Chapter** to the student members are:

- Provide a forum for members and registered professionals within the quantity surveying industry to network and strengthen.
- To promote discussion and debates about subjects of general interest and relevance to the development of a student towards being a quantity surveying.
- To provide a learning environment through which members can expand their knowledge about the construction industry, in particular the quantity surveying profession.
- To provide members, through its affiliation with ASAQS, the means of becoming student associates of ASAQS and becoming Professional members of ASAQS and SACQSP upon graduation at the University.
- To advance and promote the science and practice of quantity surveying as well as construction project management and cognate matters.
- To promote high standards of professional competence and integrity while upholding the dignity of the quantity surveying profession.
