

FACULTY OF HEALTH SCIENCES

DEAN: PROFESSOR SA MADHI MBBCh MMed PhD (Witwatersrand) FCPaed(SA) MASSAf, RSSAf, TWAS, CBE

Master of Dentistry

MOTSHOANE, Boitumelo

Maxillo-Facial and Oral Surgery

RESEARCH REPORT: Epidemiological analysis of temporomandibular joint dislocation cases treated at the University of the Witwatersrand, Johannesburg

Master of Health Sciences Education

BOCCHINO, Loredana Maria (*with Distinction*)

RESEARCH REPORT: A phenomenographic study of clinician educators' conceptions of clinical medical students' vocational habitus.

Master of Medicine

CHAANE, Nthabiseng

Diagnostic Radiology

RESEARCH REPORT: An audit of breast cancer in young patients, 40 years and younger, in two large Johannesburg academic hospitals

LORENTZ, Liam Antony

Diagnostic Radiology

RESEARCH REPORT: A descriptive study of MRI findings of children with suspected hypoxic ischaemic injury at a Tertiary Academic Hospital in Johannesburg, South Africa

MAKOFANE, Lerato Ingrid

Psychiatry

RESEARCH REPORT: The demographic and clinical profile of HIV infected and non-infected children and adolescents attending two district psychiatric clinics in Sedibeng: a retrospective record review

SELEBELENG, Morakane Violet

Paediatrics and Child Health

RESEARCH REPORT: Adolescent fractures and vitamin D status: the birth to twenty cohort (Bt20)

Master of Medicine in Anaesthesia

BUCK, Samantha Claire

RESEARCH REPORT: Video conference fatigue in an academic Department of Anaesthesiology

GAMEDE, Ien Nomdumiso

RESEARCH REPORT: An audit of cancellation of elective surgery in paediatric patients at Chris Hani Baragwanath Academic Hospital

KUMALO, Nthabiseng Jacqueline

RESEARCH REPORT: Neuroprotective strategies in cardiac surgery

LE ROUX, Johannes Jacobus

RESEARCH REPORT: Attitudes and perceptions of caregivers regarding their presence at induction of anaesthesia.

MFEKA, Ntombizabanguni Glory

RESEARCH REPORT: Post caesarean section outcomes of obstetric valvular heart disease patients at Charlotte Maxeke Johannesburg Academic Hospital

MPEMNYAMA, Lerato Nomonde

RESEARCH REPORT: Registrars' perspectives towards virtual teaching programme in an academic department during the COVID-19 pandemic

PRINSLOO, Nathalie

RESEARCH REPORT: Preoperative fasting practices and incidence of hypoglycaemia in patients presenting for caesarean section at a central hospital

RAPULENG, Moitoi Aletta

RESEARCH REPORT: Emergence delirium in children undergoing botulinum toxin injections for strabismus correction

SEPHEU, Letshekge Julius

RESEARCH REPORT: A survey of caudal anaesthesia practice in an academic anaesthesia circuit.

STUART-CLARK, Hannah Elizabeth

RESEARCH REPORT: Retrospective case series of the anaesthetic management and outcomes of patients with Rasmussen's aneurysms at an academic hospital

TALANE, Pulane Adeline

RESEARCH REPORT: A survey of the perceptions and knowledge of anaesthesia and anaesthetists possessed by Grade 12 learners in four Johannesburg districts.

VAN WYK, Natalie Jean

RESEARCH REPORT: Audit of a surgical booking system for non-elective cases in a tertiary hospital

WAKABAYASHI, Koji

RESEARCH REPORT: Low dose propofol as an effective method in attenuating the cardiorespiratory response to extubation: Single-blinded randomized placebo controlled trial

Master of Medicine in Clinical Pathology

WILDING, Bradley Thomas

Clinical Pathology

RESEARCH REPORT: A laboratory based retrospective study of plasma cell myeloma in the public sector of South Africa from 2017 to 2019

Master of Medicine in Dermatology

GWINJI, Tapiwa Munyaradzi

Dermatology

RESEARCH REPORT: Clinicopathological spectrum of cutaneous malignancies at the skin tumour clinic, Charlotte Maxeke Johannesburg Academic hospital in Johannesburg, South Africa: a 5-year retrospective review.

MAKONDO, Rulani

Dermatology

RESEARCH REPORT: The impact of childhood atopic dermatitis on caregiver quality of life at Rahima Moosa Mother and Child Hospital

Master of Medicine in Diagnostic Radiology

KHWELA, Siphesihle

Diagnostic Radiology

RESEARCH REPORT: Hysterosalpingogram findings in infertility in women of reproductive age at Chris Hani Baragwanath Academic Hospital.

LABUSCHAGNE, Hendrik Christiaan

Diagnostic Radiology

RESEARCH REPORT: Risk stratification of hospital admissions for COVID-19 pneumonia by chest radiographic scoring in a Johannesburg tertiary hospital

WIECHERS, Lumart

Diagnostic Radiology

RESEARCH REPORT: Clinical Audit: Transradial Uterine Artery Embolisation for Symptomatic Fibroids at Park Lane Hospital

Master of Medicine in Emergency Medicine

HENNING, Jandre

Emergency Medicine

RESEARCH REPORT: The knowledge and skill of registered nursing staff at Chris Hani Baragwanath Academic Hospital Emergency Units on endotracheal tube cuff manometry, before and after a training session

REDANT, Dean Patrick

Emergency Medicine

RESEARCH REPORT: Knowledge, attitudes and practices of clinician management of adults presenting with acetylcholinesterase inhibitor poisoning

Master of Medicine in Haematological Pathology

MASIA, Tlangelani Vivian

RESEARCH REPORT: Verification and implementation of a chromogenic Factor VIII assay to monitor Factor VIII levels in patients with haemophilia A on emicizumab therapy

NELL, Zanre

RESEARCH REPORT: A multi-centre study to evaluate an in-house multi-parameter immunophenotypic panel to identify precursor B-cells in the determination of measurable residual disease in paediatric B-cell acute lymphoblastic leukaemia

Master of Medicine in Internal Medicine

BAXTER, Jayson Mcneil

RESEARCH REPORT: A fifteen-year review of Multiple Myeloma in HIV-1 seropositive patients at Chris Hani Baragwanath Academic Hospital

BROZIN, Daniel Richard

RESEARCH REPORT: A Review of HIV-positive Patients at Chris Hani Baragwanath Academic Hospital on Third-line Antiretroviral Therapy

HES, Tamsin Faith

RESEARCH REPORT: Pulmonary Manifestations of the Idiopathic Inflammatory Myopathies in a South African population

KHOSA, Mikateko Cain

RESEARCH REPORT: A fifteen year review of chronic lymphocytic leukaemia in adults at Chris Hani Baragwanath Academic Hospital

KONDLO, Bafo

RESEARCH REPORT: A study of the prevalence of vitamin b12 deficiency in patients with type 2 diabetes mellitus at Helen Joseph Hospital

MOGASHOA, Vanessa

RESEARCH REPORT: Anticoagulation for non-valvular atrial fibrillation in South Africa

MPANZA, Mbongi Victor

RESEARCH REPORT: A retrospective audit of the cytogenetic profile and management outcome in Acute Myeloid Leukemia patients treated at Charlotte Maxeke Johannesburg Academic Hospital (2017 - 2021)

NAIDU, Yashika

RESEARCH REPORT: A retrospective study of the epidemiology, management and outcomes of patients with dialysis-requiring acute kidney injury, over a 24-month period, at Helen Joseph Hospital, Johannesburg, South Africa

NDWAMBI, Rudzani Wendy

RESEARCH REPORT: Patterns of liver injury in HIV positive patients in the medical admissions ward at Chris Hani Baragwanath Academic Hospital

PERKS, Michele Linda

RESEARCH REPORT: A profile of patients on protease inhibitors at a tertiary level antiretroviral clinic in South Africa.

SETSHEGO, Mothusi Koketso

RESEARCH REPORT: The prevalence of Arrhythmias in acute ST-Segment elevation myocardial infarction

URADE, Yusuf Mohamed Abdillahi

RESEARCH REPORT: Epidemiology and referral patterns of patients living with chronic kidney disease in Johannesburg, South Africa: a single centre experience

Master of Medicine in Medical Genetics

NOVELLIE, Michael Richard

RESEARCH REPORT: Audit of Lysosomal Storage Diseases testing at the National Health Laboratory Service in Johannesburg from 2011-2020

VANIA, Ashira

RESEARCH REPORT: Genetic characterisation of epidermolysis bullosa in South African patients.

Master of Medicine in Neurology

GANESH, Annsureeka (*with Distinction*)

RESEARCH REPORT: The relationship between increased Body Mass Index and Primary Headache Disorders in a group of Antiretroviral Therapy-induced overweight and obese patients

Master of Medicine in Neurosurgery

MOHALE, Diapo Gerald

RESEARCH REPORT: Glioma histology at Charlotte Maxeke Johannesburg Hospital, a 5 year retrospective study

Master of Medicine in Obstetrics and Gynaecology

MASUKUME, Rumbidzai

RESEARCH REPORT: An assessment of the hospital learning environment within the University of the Witwatersrand Obstetrics and Gynaecology Registrar Training Programme

MPHAPHULI, Mikovhe Rejoice

RESEARCH REPORT: Pregnancy outcomes of women presenting with 2017 American College of Cardiology stage 1 Hypertension during the first prenatal clinic visit before 20 gestational weeks.

STEVENS, Ronwyn Mercia

RESEARCH REPORT: The clinical significance of placental histopathological evaluation in the management of high-risk obstetric patients

Master of Medicine in Ophthalmology

KRÜGER, Hester

RESEARCH REPORT: A comparison of rebound and applanation tonometry in anaesthetised children with and without primary congenital glaucoma: A cross sectional comparative study.

MAKDA, Ismail

RESEARCH REPORT: Impact of the COVID-19 pandemic on Ophthalmic Surgery at a tertiary hospital in South Africa

WALTERS, Ingrid

RESEARCH REPORT: Spectrum of glaucomatous disease at Charlotte Maxeke Johannesburg Academic Hospital

Master of Medicine in Orthopaedic Surgery

GQAMANA, Loyiso

RESEARCH REPORT: The effect of HIV on the microbiology of adult patients presenting with septic arthritis at Chris Hani Baragwanath Academic Hospital

MKOMBE, Nangamso

RESEARCH REPORT: Prevalence of vascular injury in patients with Orthopaedic trauma on the knee at Chris Hani Baragwanath Academic Hospital

NKOSI, Collen Sandile

RESEARCH REPORT: Quality of life following an open Latarjet-Bristow procedure in a general population with a recurrent anterior shoulder instability

Master of Medicine in Otorhinolaryngology

GAFFOOR, Nabeela

RESEARCH REPORT: Prevalence and recovery time of olfactory dysfunction in SARS-COV-2 positive patients: A prospective survey

Master of Medicine in Paediatrics

DLAMINI, Sibongile

RESEARCH REPORT: Presentation and outcomes of children admitted with organophosphate and carbamate poisoning at Rahima Moosa Mother and Child Hospital

KEENE, Abigail Marriott

RESEARCH REPORT: Invasive Fungal Disease in Children with Cancer: a ten-year analysis from a Paediatric Oncology Centre in Soweto, South Africa

MAFORA, Tshiamo

RESEARCH REPORT: Virological response in children and adolescents switching to dolutegravir based regimens in Johannesburg, South Africa - A Longitudinal Cohort Study

MAGOMANI, Xitshembiso Confidence

RESEARCH REPORT: Characteristics and outcomes of HIV -infected children on antiretroviral therapy referred for virological failure

MAHLALELA, Gcebile

RESEARCH REPORT: A retrospective descriptive study of demographics, treatment modalities and outcomes of childhood immune thrombocytopenia at a tertiary hospital in Soweto, South Africa

YACHAD, Nouraine

RESEARCH REPORT: An audit of infants presenting with cholestatic jaundice at a secondary hospital in Johannesburg, South Africa

Master of Medicine in Plastic and Reconstructive Surgery

PHALAFALA, Refilwe Palesa Mokgadi

RESEARCH REPORT: A multicentre retrospective audit of the treatment modalities of sternal sepsis: A 10-year review.

Master of Medicine in Psychiatry

BADAT, Ahmed

RESEARCH REPORT: Preparedness of final year medical students in caring for lesbian, gay, bisexual and transgender patients with mental illness.

HARLIES, Celeste Michele

RESEARCH REPORT: Sleep quality of adult psychiatry outpatients at Chris Hani Baragwanath Academic Hospital

HUMAN, Allison Kirsten

RESEARCH REPORT: Post-traumatic stress symptoms in mental healthcare workers during the COVID-19 outbreak

HUNGWE, Michelle Mandipa

RESEARCH REPORT: Assessing the prevalence of and describing the psychotic symptoms of epileptic patients in an outpatient clinic using the prodromal questionnaire sixteen

NEMAVHOLA, Muthumuni

RESEARCH REPORT: Socio-demographic, forensic and clinical correlates in female observandi referred for non-violent crimes.

PHUNGULA, Nokukhanya

RESEARCH REPORT: Views held by primary health care nurses in a community health center in Gauteng Province, South Africa, on caring for people living with mental illness and task shifting

RODRIGUES, Janine Bianca Lira

RESEARCH REPORT: Neurocognitive improvement in HIV positive patients treated with dolutegravir based regimens

ZIKALALA, Nonhlanhla Elizabeth

RESEARCH REPORT: A comparison of attachment styles in State patients with and without antisocial personality disorder at Sterkfontein Hospital

Master of Medicine in Radiation Oncology

SCHNEEBERGER, Daniel Clarence

RESEARCH REPORT: Treatment outcomes for patients receiving radiation therapy for stage IIIB cervical cancer with lower third vaginal involvement in the department of Radiation Oncology, Charlotte Maxeke Johannesburg Academic Hospital

TSHOEU, Phemelo

RESEARCH REPORT: A retrospective analysis of concurrent chemoradiation for patients with squamous cell carcinoma of the anus treated between 2014 and 2019 in Johannesburg

Master of Medicine in Surgery

GOVENDER, Tarlia Rasa

Paediatric Surgery

RESEARCH REPORT: Responding to the need - the development of subspecialty units in paediatric surgery amidst the global surgery pandemic

HART, Benjamin Mark

RESEARCH REPORT: Metataxonomic analysis demonstrates a shift in duodenal microbiota in a cohort of South African patients with obstructive Jaundice: A pilot study

HARTFORD, Leila Nompelo

Paediatric Surgery

RESEARCH REPORT: Single stage procedures for anorectal malformations: a systematic review and meta-analysis

JACOB, Joseph

RESEARCH REPORT: Clostridioides Difficile Infection in Surgical Patients Managed at Charlotte Maxeke Johannesburg Academic Hospital: A Retrospective, Descriptive Study

MASOLE, Ludo Lorato Carol

RESEARCH REPORT: Procalcitonin in the post operative burns patient

MATHIBELA, Setoni Piet

RESEARCH REPORT: The feasibility of early chemical thromboprophylaxis in traumatic brain injury patients admitted to a trauma ICU

MUKENDI, Ilunga Valerien

RESEARCH REPORT: Assessment of genetic counselling and testing of patients diagnosed with invasive breast carcinoma in two South African breast units

Master of Pharmacy

AYODELE, Simisola Ayobami (*with Distinction*)

DISSERTATION: Targeted nanosystems for TB pericarditis intervention

KIM, Yedam

DISSERTATION: Use of probiotics in community pharmacy in South Africa: A survey of pharmacist attitudes, perceptions and knowledge

LIPHOLO, Lineo Jeanett (*with Distinction*)

DISSERTATION: Knowledge, attitudes and perceptions of healthcare workers on adverse drug reaction reporting in a government hospital in Botswana

MAZARURA, Kundai Roselyn (*with Distinction*)

DISSERTATION: Design and evaluation of a non-opioid tripartite release tablet for chronic inflammatory pain.

SPINICKUM, Logan Jade (*with Distinction*)

DISSERTATION: Antibacterial stewardship practices in South Africa during the Covid-19 era: A retrospective review

Master of Public Health

BOKABA, Dorah Dorothea

Health Systems Policy

RESEARCH REPORT: Exploring inter-professional collaboration between community health workers and health care providers in two clinics in the City of Johannesburg district.

DHAR, Nisha

Mother and Child Health

RESEARCH REPORT: Association between serum zinc level and dynamics of Group B Streptococcus colonisation among pregnant women in South Africa

KWATRA, Gaurav

Mother and Child Health

RESEARCH REPORT: Prevalence of Group B Streptococcus colonization and serotype distribution among pregnant women in South Asian and African countries

MCGRATH, Robyn Lesley (*with Distinction*)

Mother and Child Health

RESEARCH REPORT: The effects of COVID-19 on paediatric therapeutic services at Chris Hani Baragwanath Academic Hospital

ROWSE, Savannah Maida

Social and Behaviour Change Communication

RESEARCH REPORT: Factors that promote and impede treatment adherence of out-patient mental health care users at a psychiatric hospital in Johannesburg

ZAMISA, Thulile Senzekile

Occupational Hygiene

RESEARCH REPORT: Noise emissions and exposures among drill operators and assistants in an opencast mine in South Africa

Master of Science in Dentistry

HARI, Anisha Anil

RESEARCH REPORT: The prevalence and types of pathologies related to impacted mandibular third molars based on panoramic radiographs

RAMPERSAD, Yuvti

RESEARCH REPORT: Antibiotic prescribing patterns among dentists in the Durban Metro Region, South Africa

Master of Science in Epidemiology

CHIPISE, Elisha

Implementation Science

RESEARCH REPORT: Factors associated with extreme nonadherence to TB treatment among adult defaulters attending Gqeberha clinic between 2018 and 2019

CHISHIBA, Charlotte Njavwa

Implementation Science

RESEARCH REPORT: The association between intermittent preventive treatment uptake and Anaemia amongst pregnant women in Zambia in 2018: A spatial analysis

DINGA, Aphiwe Nomathibane Zilungile

Epidemiology and Biostatistics

RESEARCH REPORT: Occupational characteristics and economic activities of Health Workers in the Quarterly Labour Force Survey: 2008 -2017

DZIMBANHETE, Tsitsi Cherry

Epidemiology and Biostatistics

RESEARCH REPORT: The relationship between traumatic events and quality of sleep in older adults in rural South Africa

ELAKPA, Daniel Ngbede

Implementation Science

RESEARCH REPORT: Factors associated with vector control for onchocerciasis control in Sub-Saharan Africa (2000 - 2023): A systematic review

GEORGES, Some

Epidemiology and Biostatistics

RESEARCH REPORT: Predictors of frailty and multimorbidity in adults aged 40 to 65 years in a rural population cohort in Burkina Faso

JOHNSTON, Leigh Clare

Field Epidemiology

RESEARCH REPORT: Determinants of sub-optimal glycaemic control among patients enrolled in a medicine dispensing programme in Kwazulu-Natal: A cohort study, 2018-2021

KANZOOLE, Kingsley

Implementation Science

RESEARCH REPORT: Risk factors for recurrent tuberculosis among HIV patients who are on anti-retroviral treatment in rural Northeast, South Africa

KUPA, Nkgodi Obed

Infectious Disease Epidemiology

RESEARCH REPORT: The relationship between the combined effects of lifecourse trauma and HIV on cognition in rural South African adults: A secondary data analysis

MUCHAI, Lilian Njeri

Epidemiology and Biostatistics

RESEARCH REPORT: Early life factors associated with childhood trajectories of violence among the Birth to Twenty-plus cohort in Soweto, South Africa

NHLAPHO, Mapule Dorcus

Public Health Informatics

RESEARCH REPORT: A visual analytics approach to characterising disease progression among adults with chronic diseases in rural northeast South Africa

Master of Science in Medicine

- BARNARD, Sebastian** *Genetic Counselling*
RESEARCH REPORT: A review of genetic testing for females referred to genetic counselling for a personal or family history of gynaecological cancer
- BENNETT, Matthew** *Biokinetics*
RESEARCH REPORT: The effectiveness of a multidisciplinary, protocol-based approach to patients of different age groups with lower back pain in Bloemfontein, Gqeberha, Polokwane, and Johannesburg
- BEUKMAN, Danielle** *Genomic Medicine*
RESEARCH REPORT: RB1 and beyond: Determining genetic causes of Retinoblastoma in South-African patients
- BLIGNAUT, Chanel** *Pharmacy*
DISSERTATION: Assessing the potential interaction between CBD and TBR1 T-box Domain
- BRESLER, Anr  e** *Genomic Medicine*
RESEARCH REPORT: Predicting exome sequencing outcomes from phenotypic data in an African patient cohort with developmental delay
- DUVENHAGE, Megan** *Genetic Counselling*
RESEARCH REPORT: The utilisation of genetic counselling services amongst prenatal healthcare providers in Gauteng, South Africa
- ELONGA, Jessica** *Pharmacology*
DISSERTATION: The in vitro diffusion across exercised porcine skin of various formulations of compounds used topically in the treatment of skin afflictions
- EME, Ifeanyi** *Clinical Microbiology & Infectious Diseases*
DISSERTATION: Effect of pneumococcal conjugate vaccine on invasive pneumococcal disease in children hospitalised at Chris Hani Baragwanath Hospital over a 13-year period
- FONGUH, Oliver Khan** *Vaccinology*
RESEARCH REPORT: Functional consequences of novel IgG3 allelic variation on CAP256-VRC26.25
- FUTI, Benedicte Malonda** *Physiology*
DISSERTATION: The epidemiology of menstrual pain in a South African University population
- GALLANT, Simone** *Anatomical Sciences*
DISSERTATION: Characterizing luminal A breast cancer heterogeneity and in vitro response to hormone therapy
- GAVIN, Jessica Robyn** *Anatomical Sciences*
DISSERTATION: Assessment of disability resulting from degenerative joint disease in a southern African skeletal population
- GOLDFEIN, Batsheva Chana** *Physiology*
DISSERTATION: microRNA expression and arterial function in type II diabetes mellitus
- GOVENDER, Demi Natisha** *Anatomical Sciences*
DISSERTATION: The effects of Ibogaine on myelination in Sprague Dawley rats
- GROBLER, Nico (with Distinction)** *Physiotherapy*
DISSERTATION: The development of a questionnaire to assess training and match demand in adolescent cricketers.
- ISMAIL, Tahir** *Clinical Pharmacy*
RESEARCH REPORT: A survey of the delivery of clinical services in independent community pharmacies in South Africa

- KAIRUZ**, Dylan Matthew (*with Distinction*) *Haematology and Molecular Medicine*
DISSERTATION: Developing non-viral vector formulations for the delivery of synthetic self-amplifying RNA
- KHAN**, Muneerah (*with Distinction*) *Bioethics and Health Law*
RESEARCH REPORT: Epistemic (in) justice, social identity and the Black Box problem in patient care
- KHOZA**, Nhlamulo (*with Distinction*) *Human Genetics*
DISSERTATION: Characterising the combined effects of cytochrome P450 missense variants within the star allele nomenclature
- LUBBE**, Andrea *Physiology*
DISSERTATION: Neurophysiological effects of citalopram in a rodent model of ACTH induced HPA axis dysregulation
- MAKHA**, Lerato Mathabelo *Pharmaceutical Affairs*
RESEARCH REPORT: Design and synthesis of a nanocapsule system for transdermal delivery of lignocaine across the skin
- MALINGA**, Thandeka Vuyiswa Bongiwe *Genomic Medicine*
RESEARCH REPORT: Characterisation of the genetic variation in pharmacogenes involved in anti-tuberculosis drug metabolism across African populations
- MANGENA**, Zanele Granny Mahalia (*with Distinction*) *Clinical and Experimental Pharmacology*
DISSERTATION: An evaluation of the effects of metal complexes on lung cancer cell lines
- MATHABELA**, Nomfundo Ntombikayise *Chemical Pathology*
DISSERTATION: Sequencing for high-risk type 1 diabetes genotypes in the South African black population using amplicon Nanopore next generation sequencing
- MATHIKHI**, Khethani Thendo *Physiology*
DISSERTATION: Investigating the toxic effects of nyaope on the brain, liver and kidney of Sprague-Dawley rats
- MCCARTHY**, Dylan James (*with Distinction*) *Genetic Medicine*
RESEARCH REPORT: Analysis of single nucleotide variants and copy number variants in patients with features suggestive of a RASopathy using whole exome sequencing
- MHLATHI**, Xolisiwe *Anatomical Sciences*
DISSERTATION: Microarchitecture of the human postnatal maxilla in relation to tooth development and eruption
- MINNS**, Chantelle *Clinical Pharmacy*
RESEARCH REPORT: Investigating the correlation between demographic and comorbidity profiles with chemotherapeutic toxicity experiences in early-stage breast cancer patients in a private medical oncology practice in South Africa
- MMBI**, Phophi Mmapole *Genomic Medicine*
RESEARCH REPORT: Investigating the genetic cause of oculocutaneous albinism type 2 in individuals of African descent through exome sequencing
- MNGOMA**, Ndabenzinhle Ronald *Anatomical Sciences*
DISSERTATION: Effects of binge alcohol consumption on the development of the femur of adolescent Sprague Dawley rats
- MOHUN**, Shameeda *Clinical Pharmacy*
RESEARCH REPORT: A retrospective review on the utilisation of meropenem in a tertiary hospital setting
- MOTLHALE**, Gomotsegang *Physiology*
DISSERTATION: Effects of lycopene on the bone, kidney and pancreatic health of growing Wistar rats fed a high fructose diet

- MUNIAN**, Pariska *Physiology*
DISSERTATION: The impact of altitude on the prevalence and characteristics of Restless Legs Syndrome
- NAICKER**, Racilya (*with Distinction*) *Genomic Medicine*
RESEARCH REPORT: Analysis of Whole Exome Sequence Data from African Patients with HD-Like Features and No Known HD Phenocopy Syndrome
- NCHIMUNYA**, Bbautu *Exposure Science*
RESEARCH REPORT: Efficacy of noise control measures at high noise zones from a copper mine in Zambia
- NEVES**, Keila Dias (*with Distinction*) *Haematology and Molecular Medicine*
DISSERTATION: Expression and immunogenicity of HBV surface antigens following in vitro and in vivo gene delivery using recombinant adenoviruses
- PEYA**, Yolanda (*with Distinction*) *Anatomical Sciences*
DISSERTATION: A documentation of the morphology of the lungs of the Sprague Dawley rat after chronic heat exposure
- PIKETH**, Aimee Jane *Clinical Microbiology & Infectious Diseases*
DISSERTATION: Investigation of mono- and polymicrobial antibiofilm activities of Defensin-like antimicrobial peptide-2 against *Candida auris* and *Pseudomonas aeruginosa*
- PILLHOFER**, Gabriella Peta *Genomic Medicine*
RESEARCH REPORT: Germline Cancer Predisposition Variants in Paediatric Rhabdomyosarcoma
- RABINDA**, Kentie Rofhiwa *Genomic Medicine*
RESEARCH REPORT: Exome sequencing of individuals with vitiligo and their relatives with and without autoimmune disorders
- RAJCOOMAR**, Yashmika *Pharmaceutical Affairs*
RESEARCH REPORT: The wound healing effect of exosomes derived from *Lobostemon fruticosus*
- RAMTAHAL**, Kieara-Lee *Bioethics and Health Law*
RESEARCH REPORT: The moral obligation to include pregnant women in clinical trials
- SAMUDH**, Nazia (*with Distinction*) *Haematology and Molecular Medicine*
DISSERTATION: Characterization of the murine immune response to self-amplifying mRNA sequences encoding Hepatitis B virus surface proteins
- SARANGARAJAN**, Ruach *Bioethics and Health Law*
DISSERTATION: Do governments have any prima facie duties to fund influenza vaccination (for the elderly in SA) and adults 65 years and above to vaccinate against influenza, respectively?
- SCHEEPERS**, Vanessa Christina *Bioethics and Health Law*
RESEARCH REPORT: Is it fair and morally justified to limit access to free Human Papillomavirus vaccinations to only girls in public schools in South Africa?
- SHRILALL**, Creanne Jizell *Haematology and Molecular Medicine*
DISSERTATION: Development of in vitro transcribed RNA interference activators for the therapeutic inhibition of the hepatitis B virus.
- SIMBU**, Shivar (*with Distinction*) *Pharmacy*
DISSERTATION: Essential oil compounds in combination with conventional antibiotics for dermatology
- SMIT**, Ingrid Maria *Genomic Medicine*
RESEARCH REPORT: Cystic fibrosis: An update on the variant profile and carrier frequency in the Black South African population

STEYN, Stephanus Frederik (*with Distinction*)

Clinical Pharmacy

RESEARCH REPORT: Brain concentrations and the neurochemical effects of passively administered fluoxetine in Flinders sensitive line rat offspring

TSOLO, Semakaleng Theresia

Vaccinology

RESEARCH REPORT: Evaluation of novel assay formats for Indoleamine 2, 3 dioxygenase as a TB biomarker

ZUNGU, Zwile

Vaccinology

RESEARCH REPORT: Understanding SARS-CoV-2 vaccine hesitancy among pregnant women in Soweto, South Africa: A qualitative study

Master of Science in Nursing

CLAY, Nadia Susan

DISSERTATION: Private Sector Health Care users' for choosing maternity services in a District in Mpumalanga

CLUFF, Megan Andrea

RESEARCH REPORT: A strategic assessment of emergency care capacity at Private Primary Health Care Facilities in Gauteng

MARE, Magdalena Elizabeth

DISSERTATION: Guidelines for the implementation of blended learning in a nursing college campus in Gauteng: a mixed methods study

MOTSUMI, Theodora Mapadime

RESEARCH REPORT: The psychosocial work environment of primary health care nurses in the Northern Sub-District City of Ekurhuleni

QUIROGA, Neil Dylan

RESEARCH REPORT: The emergency management of patients who have experienced sexual violence: An integrative literature review

Master of Science in Occupational Therapy

PRETORIUS, Jeanette Maria

RESEARCH REPORT: Impact of a rural context in Kwazulu Natal on primary caregiver's management of pain non-communicating children with severe neurological impairment

Master of Science in Physiotherapy

CHIROMBO, Hannah Edith

RESEARCH REPORT: Investigating the physiotherapy management of patients with polytrauma admitted to acute care settings and factors that influence service delivery after discharge: A Namibian survey

DAHYA, Karishma

RESEARCH REPORT: Mapping electro-acupuncture in the treatment of lower back pain. A Scoping review

DAWOOD, Zaheerah

DISSERTATION: Factors contributing to uncontrolled high blood pressure in Ekurhuleni, Johannesburg: the community health workers' perspectives

HURST, Samantha Lee Anselmo

RESEARCH REPORT: Breathing Pattern Dysfunction Amongst Patients with Median Sternotomy Post Hospital Discharge: A Cross-Sectional Study Within a South African Context

LEANDER, Natalie

RESEARCH REPORT: Exercise dosages for the management of generalized anxiety disorder: A scoping review

MASILANA, Masocha Vusi

RESEARCH REPORT: Running-related injuries and risk factors among runners in Soweto township clubs, Johannesburg

STEYN, Joretha

RESEARCH REPORT: Mode of delivery, analgesic, and neuromusculoskeletal profile of women developing new onset lower back pain postpartum

VAN HEERDEN, Martin Harry

DISSERTATION: Patient's perspectives, pain, and health-related quality of life in same-day discharge hip and knee arthroplasty

Bachelor of Clinical Medical Practice Honours
