*Civil and Environmental Engineering*

**ZULU**, Nkululo Zamokuhle

*Civil and Environmental Engineering*

## **Master of Science in Aeronautical Engineering**

**O'CONNOR**, Donald Michael (*with Distinction*)

*DISSERTATION*: Use of human pilot situation assessment models to design a collision detection and avoidance process for unmanned aerial systems.

## **Master of Science in Engineering**

**AGOMMUOH**, Davies Chukwuma

*School of Chemical and Metallurgical Engineering*

*DISSERTATION*: Implementation of data-driven models for the forecasting of steam demand in a batch digester

**BANDA**, Margaret Tiwonge

*School of Mining Engineering*

*RESEARCH REPORT*: Back analysis of open pit mines: Static vs dynamic

**CHIRAIRA**, Isaiah Tadiwanashe (*with Distinction*)

*School of Electrical and Information Engineering*

*DISSERTATION*: Leveraging graph neural network-based sensor data forecasting and reinforcement learning-driven adaptive duty cycling for energy-efficient large LoRa wireless sensor networks

**KHESWA**, Banele Siyabonga

*School of Chemical and Metallurgical Engineering*

*DISSERTATION*: Corrosion Behaviour of UNS S32101 Lean Duplex Stainless Steel in Pulp and Paper Liquors

**KHOMO**, Moeketsi Charles

*School of Chemical and Metallurgical Engineering*

*DISSERTATION*: Investigating the potential for Cassiterite recovery by Flotation.

**LIMALIA**, Atiyah

*School of Electrical and Information Engineering*

*DISSERTATION*: Comparing traditional and deep learning approaches for accurate speech-based depression detection

**MABOKELA**, Thabiso Tiro

*School of Electrical and Information Engineering*

*DISSERTATION*: Collaborative spectrum sensing: an unsupervised deep reinforcement learning approach

**MAPAKAME**, Gift Tapiwa

*School of Mining Engineering*

*RESEARCH REPORT*: Fundamentals of full value addition of platinum mineral resources: A case study of Zimbabwe's platinum mining industry

**MNCUBE**, Yamukelani

*School of Electrical and Information Engineering*

*DISSERTATION*: Predicting the remaining useful life in a single cell in solar battery storage applications

**MOLOTO**, Matsimela Thabo

*School of Mining Engineering*

*RESEARCH REPORT*: Policy interventions to encourage downstream beneficiation: A case of South Africa's ferrochrome industry

**MUTHEGO**, Vhulahani Edgar

*School of Mining Engineering*

*DISSERTATION*: Quantification of factors driving productivity in South African platinum mines using Analytic Hierarchy Process (AHP)

**NAIDOO**, Adam Kyle

*School of Chemical and Metallurgical Engineering*

*DISSERTATION*: Development of a soft sensor to estimate fermentation rate using temperature measurements during Ethanol fermentation

**NJAMBA**, Njamba Mike

*School of Mining Engineering*

**RESEARCH REPORT:** Optimizing in-pit crushers at Sentinel Mine, Zambia

**OGOLLA, Peter Oduor** *School of Electrical and Information Engineering*  
**DISSERTATION:** AI-based channel and location estimation techniques for RIS-assisted mobile network

**PEMBAMOTO, Joseph Kabulo (with Distinction)** *School of Electrical and Information Engineering*  
**DISSERTATION:** Design of an ultrawideband horizontally polarized omnidirectional antenna

**ROUX, Ruben (with Distinction)** *School of Electrical and Information Engineering*  
**DISSERTATION:** Improving outdoor sigfox localisation accuracy using machine learning

**THAMAE, Manthabiseng Junicia** *School of Chemical and Metallurgical Engineering*  
**DISSERTATION:** Valorisation of Iron-rich Acid Mine Drainage Sludge for reusability potential to extract valuable Material: The synthesis of Barium Hexaferrite

**TSEMATSE, Tsematse Reabetswe Thabo** *School of Civil and Environmental Engineering*  
**DISSERTATION:** Stabilising basic oxygen furnace slag aggregate for structural concrete using accelerated carbonation and supplementary cementitious materials as dual approaches

**XULU, Sphamandla Lucky** *School of Civil and Environmental Engineering*  
**DISSERTATION:** Greywater intrusion in potable water networks

## **Master of Science in Industrial Engineering**

**SIBIYA, Xolani**  
**RESEARCH REPORT:** Barriers to the adoption of digital technology in the Mpumalanga coal mining industry.

**SINGH, Diya**  
**DISSERTATION:** Platform architecture in the financial sector: a customer perspective.

## **Postgraduate Diploma in Engineering**

**BALOYI, Nicholas (with Distinction)** *School of Electrical and Information Engineering*

**BALOYI, Nkateko Phelicia** *School of Electrical and Information Engineering*

**BINENE, Nathan A Tshibang** *School of Electrical and Information Engineering*
