

**Terms and Conditions**

**Donations Discretionary Fund**

All students applying for funding from the Donations Discretionary Fund need to take note of the following:

- By applying for this funding, you authorize the University to share your personal information and contact details when required.
- Funding is not guaranteed and is based on donor-funding the University may receive.
- The funding will only be for the current academic year's debt. Should you receive funding from another sponsor or manage to pay your own fees, this funding will be reversed.
- Adhere to the Student Code of Conduct. A code of conduct is given to each student at registration. Copies are available on the Wits website and at the Dean of Students Office. Failure to comply will result in you not being considered for University assisted financial support in future
- Check your student email – most Wits offices will only use student email addresses (if you don't check your student email you will miss something important)
- Keep your cell phone number or contact details updated on the student self-service in case you need to be contacted.
- You will be notified if there is an opportunity available, if you have not heard anything from the Financial Aid and Scholarships office then you were not a successful candidate in terms of what the donor was looking for. You can also check the Student Self-Service portal for the status of your application.
- Should you not respond to timeously to the Financial Aid Office, you will automatically be coded as 'Funding not Required' and the opportunity will be transferred to another student who qualifies.

**By submitting this application, you confirm that you are accepting these terms and conditions.**
